

## **Inclement Weather Policy**

For inclement weather events, parents should check email diligently for information on practice cancellations or schedule adjustments. To ensure the safety of our swimmers, parents and coaches, ASA monitors the Montgomery County Public Schools closing and delay schedule, along with facility considerations and status at our ASA practice sites (i.e., Stone Ridge, Twinbrook, Healthy Baller Gym).

Depending on conditions at and around the Stone Ridge campus and the roads in Montgomery County, as well as coaches' availability, the coaches may schedule optional swim practices irrespective of MCPS closures. Your swimmer's safety always comes first, and any missed optional practices will not affect your swimmer's ability to meet the group's practice attendance expectations.
