

MASON COVID HEALTH CHECK

As per state executive order individuals entering a recreation facility must be screened. In order to access the AFC or RAC you must complete the Mason COVID Health Check screening process.

HOW TO REGISTER FOR AN ACCOUNT

1. Log on to healthcheck.gmu.edu (you may want to bookmark this site)
2. Scroll down and click on "Login to the Secure Platform"
3. First time users click on "Create New Account"
4. Complete the required fields and click "Register"
5. An email will be sent to activate your account
6. With your first log in you will be asked eight initial questions that only need to be answered once.
7. The second time you log in and all times after that, you will be asked a series of routine questions regarding your health, potential symptoms and exposure, and about your testing history. Your answers will be saved from previous responses to save you time in completing the screening.
8. Based on your responses to the Mason COVID Health Check you will receive one of three automated messages.

GREEN

You have no symptoms, testing, or contacts that indicate exposure or illness and therefore you are free to come to campus or participate in face-to-face classes, events, and activities. You must bring a copy of your Green result with you when you come to campus.

YELLOW

You have indicated that you may have one or more COVID-19 symptoms, have been tested and are awaiting results or received a positive test, or you were in contact with someone with COVID or who tested positive for COVID.

RED

Based on your responses, you may be experiencing a medical emergency and should immediately contact your health care provider or emergency services.

The Mason COVID Health Check must be completed every time you come to the AFC or RAC. Only if your results show **GREEN** will you be permitted into the facility. You will need to show this verification to the front desk staff. If you have questions please contact us at MasonRec@gmu.edu
