

TOLLEFSON SWIMMING PHOTOGRAPHY POLICIES

PURPOSE

There has been much talk about whether it is safe to have images taken of children participating in sports. While most images are appropriate and are taken in good faith, it is a fact that images can be misused and children can be put at risk if common sense procedures are not observed.

POLICIES

1. The publishing of a photograph of swimmer under 18 either on a notice board or in a published article or video recording (including video streaming) of swimming competitions (“publication”) will only be done with parents’ consent per the attached form.
2. A parent or guardian has a right of refuse to have children photographed. The exercise of this right of refusal cannot be used as grounds for refusing entry into a swimming competition. Therefore, any photo that may go to press or on a notice board, be it through a member of the club or official photographer, will receive parental consent before publishing/displaying the photo in writing. A form allowing parents to indicate refusal of consent follows.

In the case of open meets and other competitions where the host club has an official photographer present, all parents attending will be made aware of this in our meet information..

All photographs must observe generally accepted standards of decency in particular:

- Action shots should be a celebration of the sporting activity and not a sexualized image in a sporting context.
- Action shots should not be taken or retained where the photograph reveals a torn or displaced swimsuit.
- Photographs should not be taken from behind swimming blocks at the start of a race or exhibit a child climbing out of the swimming pool.
- Photographs should not be taken in locker-rooms or bathrooms.
