 3286 Kentland Ct. S.E., Grand Rapids, MI 49458

DIRECTIONS

*Enter your Boys Team Roster into the "Boys Roster" Worksheet; this worksheet will not compute your PP Score without a roster

*Enter all appropriate school/coach info in gray cells

*Use drop-down menus to enter full swimmer/diver name for each event

*Enter swimmer/diver grade level (9, 10, 11, 12) for each event

*When entering all times, **do not use colons or decimal point**; for example, if a time is 1:54.34, simply enter 15434. If the time is 21.43, enter 2143. This sheet will automatically convert your entry to have the appropriate colons/decimal points

*When entering diving scores, **enter the score without the decimal point**; for example, if a diver's score is 213.45, enter 21345 into the diver's score cell. If the diver's score was 415.00, enter 41500

*For divers, make sure you indicate if the score was from a 6-dive or an 11-dive meet

*After you enter a swimmer/divers time/score, their corresponding PowerPoint value will appear in the "Points" column

*A running total of your total team score will appear at the bottom of the sheet as you enter times / diving scores

*When you have completed your line-up and entered all times, print your line-up and send it to Claude Valle using the email address on the form
