FOCUS FAST FINS

FOCUS has been providing the FAST Fins Adaptive Swim Team since January of 2009. Every season we serve around 80 children and teens with special needs and their siblings by giving them the opportunity to be part of a team experience. FAST Fins provides eight separate practices across metro Atlanta supervised by physical and occupational therapists, recreation instructors, and experienced volunteers who provide a welcoming and supportive environment for swimmers to grow in their abilities. Swimmers practice for months in the spring and fall seasons leading up to the biannual intra-squad meet that brings all of our separate practices together to compete and celebrate their accomplishments. FAST Fins is always evolving to better serve our swimmers' needs and FOCUS is constantly striving to provide the best programs for its families. We hope to keep swimming for years to come.
