## **Rules for Swimming Competition**

As adopted \_\_\_\_\_, 2019

## **I Rules**

1. USA Swimming technical rules will be the official rules governing strokes in league competition unless modified by specific provision set forth below:
  - a. The current Ohio high school rule concerning the backstroke flip turn will apply instead of the USA rule.
  - b. The current Ohio high school interpretation of the fourth leg of the individual medley and the medley relay.
  - c. The USA rule as to tape on a swimmer will not be enforced.
2. The league treasurer will purchase current year USA Swimming rulebooks and mail prior to the date of the first dual meet. One rulebook will be purchased for each member club.
3. For dual meets, there will be two officials assigned by the league officials commissioner. Officials must be certified through the YMCA, USA Swimming OHSAA, or NCAA. The two officials will serve as the starter and stroke judges. The officials will decide the areas of jurisdiction and responsibilities.
4. An official observing a disqualification will raise his or her hand and then will record the disqualification on a DQ slip. The DQ slip will indicate the reason for the call. The DQ slips will either be given to a runner or directly to the admin table. Officials may notify coaches of DQs if time allows. Failure to notify a coach does not negate a call.
5. One or both of the officials will serve as place judges. If there is a clear discrepancy between the watch times and the observed order of finish, the official(s)' placing will be recorded as "judges' decision" and will control over the watch times for scoring.
6. The chain of making complaints regarding judging, scoring, disqualifications, etc. should be as follows: parents to coaches to club league rep (if possible) to head official on deck. The judgment decisions of an official are final.

## **II. Dual Meets**

1. Diving meets will start at 4 pm. The home team will warm up from 3 to 3:30 pm and the visiting team will warm up from 3:30 to 4 pm. The warm up sessions can be shortened by mutual agreement of the two head diving coaches, in the event of threatened bad weather.
