- a. 10 per team per meet in six lane pools,
- b. 12 per team in five lane pools and
- c. 15 per team in four lane pools.
 - i. Exhibition events, i.e., events or heats of events that will not be scored as part of the meet, will be scheduled as best accommodated.
 - ii. As a usual rule, all exhibition heats of a dual meet event will be run before the scored heat of that event, with the visiting team's exhibition heats swimming first.
 - iii. With the mutual consent of the coaches involved in a particular dual meet, exhibition heats may be swum out of usual dual meet event order.
 - iv. Coaches must notify the starter and the scorekeeper of such an order change prior to the start of the meet.
 - v. In the interest of time, if exhibition event or heat swimmers swim concurrent with the scored heat, they should be identified to the judges as such prior to the start and placed in the outside lanes.

 This information should then be disseminated to the scorekeeper.
- 3. Coaches should strive for equality of competition, particularly when a stronger team is swimming against an obviously weaker team.
 - a. Each team is limited to a maximum number of 120 swimmers entered in any particular dual meet (A or B).
 - b. Coaches <u>must</u> converse prior to each meet to communicate entry submission, along with how this standard (equality of competition) will be met during the competition.
 - c. Meet entries and team roster must be submitted by the visiting team no later than 1:00 p.m. on the day of the meet.

If a swimmer is disqualified for any reason, that event is counted. Exhibition must be clearly indicated in the Swimmingly and Meet Manager entries file or it will be counted as an event swum.
- 5. In dual meets, once a swimmer has achieved a "A-Qualifying Time," they may not swim that same event (individual or as part of a relay) in a "B" dual meet. This shall not disallow swimming up an age group or penalize the swimmer first achieving their "A-Qualifying Time" by disqualifying their time at a "B" Dual Meet.
 - a. Pool Safety Incidents During a meet, should a pool facility incident arise that compromises the safety of the swimmers, you shall pause the meet to address the situation. The Head Official, plus one coach and one parent representative from each team shall meet to discuss solutions for the continuation of the meet. If a solution cannot be agreed upon, the Midlakes Head Official should be contacted to determine a solution. If the delay exceeds half an hour, it should be determined what solutions there are to manage the timeline if the meet continues, whether that be removing an equitable number of exhibition swims or eliminating events. In the event of a meet cancellation, the Midlakes board reserves the right to determine if either team is subject to forfeiture.
 - b. Examples If there is damage to a block, can the meet continue with a lane reduction or by using only ondeck and in-water starts? If there is lane line damage, can it be replaced? If there are filtration or chemical issues, can the pool manager remedy it in a timely manner? In the instance of inclement weather, existing protocols remain in place.

Note: the intent of this rule is to ensure athletes do not lose the ability to participate in relays if an age group is small

- a. i.e., A team only has three 11-12 year old in an age group that cannot make up a relay they have the opportunity to swim up in a 13-14 relay or have a 9-10 year old athlete fill their relay, provided the movement meets eligibility criteria.
- b. In 'A' or 'B' dual meets, swimmers may swim up only one age group.
- c. Athletes are not able to swim up an age group if they have bettered an A-Qualifying Time throughout the remaining time they have in the age group.
