Carter Gaither Biography

Above all else Carter is a passionate ambassador for the sport of swimming. He swam competitively for 18 years, eight in the NKSL, ending when he graduated from Boston University. Across that span he set dozens of team, league and conference records. Post competition he continued his involvement in the sport through coaching. Over 25 years he coached swimmers that qualified for Olympic Trials, won events at YMCA Nationals, won individual state high school championships and placed in the National Age Group Top 25.
