

9/29/25 Email Blast:

Sent to all NCSA Participants since 2005; as well as all who requested to be added to email list as of 9/29/25.

Coaches & Friends,

update from the NCSA team....

Meet Packets for both the 2026 NCSA Spring Champs & 2026 NCSA Age Group Champs have been posted online for a few weeks.

We were scheduled to open up our Tier One reservations for Spring Champs tomorrow, but due to a technical glitch, we are pushing our reservation dates by a week for the Spring Champs meet.

Spring Champs Tier One will open on: 10/7, and Tier Two will open on 10/14, both at noon Eastern.

Reservation dates for Age Group are unchanged, and will open on: Tier One- 10/28, Tier Two - 11/4.

Meet Packets and Events/Standards Files are all posted online:

Please don't reply asking about any speculation on how fast tiers will fill for either meet, sometimes tier two fills in seconds, sometimes weeks... this year is no different, no idea on timeline; but every year, every event there has always been room for tier two teams.

As always, looking forward to seeing everyone in the Spring... have a great week!
