Parent Involvement Program

Swimming is a family sport and the success of the Barracuda Swim Team is dependent upon each family's participation. It takes thousands of volunteer hours to run the team, meets and the events. We cannot possibly do it all without the help of **EVERY** family. While we understand that all families are incredibly busy. Your commitment is critical to making the swim season a success. Our updated 2026 Family Involvement Requirements are available on our team website.
