

One More Lap

Who: My name is Justin Magno. I am 15 years old and this is my 10th year on the Stingrays.

What: This is a program to collect used swim gear in good/excellent condition to redistribute for free back to the team.

Why: I want to give back to the Stingray Team. We all have old swim gear laying around our house that we have outgrown. And it's good for the environment to recycle our stuff.

How: Email me at **justin.magno321@gmail.com** to donate items. You can leave them on my porch or I can pick them up from your home (Benicia only). Next month I will email the team to arrange free redistribution of the swim gear.

The most popular items are fins, parkas, and good-excellent condition competitive team suits/spiritwear. At this time I am not collecting used goggles or practice suits.
