

WEEKLY CAMP NEWS

June 27, 2025

✖ ✖ EXPERIENCE THE ✖ ✖ Magic of Summer at CAMP BARCLAY!

The first week of summer camp is an exhilarating time, filled with the buzz of new beginnings and the promise of adventure. As campers and counselors alike arrive, the air is charged with the anticipation of forming new friendships and creating lasting memories. It's a week dedicated to breaking the ice through engaging activities, team-building exercises, and shared laughter. Counselors play a pivotal role in setting the tone, fostering a welcoming environment where each camper feels valued and included. Through games, crafts, and freeze dance sessions, bonds begin to form, and a sense of community starts to blossom.

No Technology? No Problem!

Our "no technology" policy at camp has unleashed a wave of creativity and imagination among our campers, encouraging them to engage with the world and each other in ways that digital screens often inhibit. Without the distraction of electronic devices, campers are rediscovering the joy of hands-on activities like building intricate structures with Legos, where their architectural and problem-solving skills flourish. Drawing sessions have become a canvas for self-expression, allowing campers to explore their artistic talents and share their unique perspectives with their peers. Meanwhile, wiffle ball games have transformed into a dynamic playground for physical activity, teamwork, and friendly competition, fostering camaraderie and lively interaction. By steering away from technology, we are nurturing an environment where campers can connect with their creativity, problem solve with their peers, and experience natural world around them.

Special Event of the Week!

On a Thursday afternoon, laughter and splashes fill the air as campers navigated an inflatable water obstacle course. Excited shouts echo as each camper tackles the slippery challenges, and climbing up inflated walls. With every leap and tumble, their faces light up with pure joy, embodying the spirit of adventure and fun.

Week 1 Campers play freeze dance

Looking Forward...

Get ready for an exciting adventure in wildlife exploration! On Wednesday, July 2nd, Rizzo's Wildlife World is set to visit our camp, bringing with them a fascinating array of exotic animals for our campers to hold and pet. This unique opportunity allows campers to get up close and personal with creatures from diverse habitats, offering an educational experience like no other. Whether it's a gentle snake, a curious lizard, or a cuddly mammal, there's no telling what amazing animals might make an appearance. It's a chance to learn about the wonders of the animal kingdom and the importance of conservation.

Please Note: 8 and Under and Cudas in Training Swim Practice will be held at 9:30 am on Wednesday, July 2nd - So all campers can participate in the animal show.

Week 3 of Camp: Color Wars! Prep by preparing a white shirt for Tie Dye Day and clothes for a messy week!
