V. Eligibility

A. A swimmer may not compete for another summer swim team with the exception of USA Swimming sanctioned teams but may practice with another team. Violation of this rule will result in a forfeit of ALL meets, including all Conference meets. In the event any team uses such a participant. An individual competing in the Badger State Games does not constitute swimming for another team.

B. Waivers

- 1. During the summer, a swimmer must reside within the school district he/she will swim for, unless a written waiver is on file with the league secretary and approved by the majority of the league officers.
- 2. The intent of a waiver is to make an exception for no more than seven (7) immediate families per team to swim_over 100 swimmers. For teams which consist of less than 100 swimmers, those teams may have unlimited waivers until they reach 100 swimmers.
 - a) You do not need to submit a waiver if you have a physical address within the school district, or you attend the school district.
- 3. If a team exceeds their limit of waivers, those swimmers can swim but are not eligible for points in a dual meet nor eligible to compete at the Tri-County Conference Meet. Any swimmer not eligible for points of the Tri-County Conference Meet will need to be noted on the waiver form submitted to the league president.
- 4. Violation of any eligibility rules will result in team forfeiture of all points and awards awarded to the swimmer(s) in violation of said rules.
- 5. Waivers should not be used as a recruiting device. All teams are encouraged to recruit within the school district and respective cities and are barred from recruiting outside of it.
- 6. All final waivers and roster headcounts are to be submitted to the League President no later than then the Saturday prior to the first dual meet for final approval.
- C. A swimmer is eligible to compete in post-season league championships ONLY after having competed in a minimum of three (3) conference dual meets. Any team president has the right to

review dual meet records at the conference meet to verify that a particular swimmer has met the dual meet requirements.

- D. A swimmer's age as of June 1st of each season determines the age group he/she will swim. For example, a swimmer is 11 on June 1st, the swimmer will compete in the 11-12 age group.
- E. Swimmers may compete for points/awards in an older age group but may swim in a particular event in one age group only.
- F. A swimmer may compete in four (4) total events (including exhibition) during a swim meet, but only three (3) of the events may be individual events.
- G. Proof of age: Each coach shall have the right to question any swimmer's age. The questioned swimmer's coach shall have two (2) weeks to document the questionable swimmer's age via mail. If age is not proven within that time period, it will be assumed that the swimmer is swimming out of his/her age group and appropriate action will be taken by league officers when notified of the violation.
- H. Violation of any eligibility rules will result in team forfeiture of all points and awards awarded to the swimmer in violation of said rules.
- I. All 8 & under shallow end relay take-off of the 2nd and 4th swimmers will begin their leg of the relay in the water, instead of on the pool deck. The participating swimmer must have a body part on the pool wall, until the proceeding swimmer (legs 1 and 3) touches the wall first. This rule applies to all pools in the Tri-County League regardless of pool depth.
