

QUALIFYING TIMES – STATE

State Qualifying times can be achieved in any meet (USA, High School, dual meets and invitationals) as long as you have printed meet results to use as proof of time for State Meet entries. Qualifying times **MUST BE ACHIEVED** during each year's high school swim season (1st of September through the entry deadline in January). Those swimmers who do not achieve the minimum qualifying time in any event at the State Swimming Championships will need to supply written proof of time or face a \$25 fine per swim that cannot be proven.
