Timing Commitment at “Away” Swim Meets

Timing assignments at “away” swim meets (meets not hosted by Buenaventura Swim Club) are assigned based on the number of our team’s entries to that swim meet. It is therefore required, without exception, that each parent or designee* time at any away swim meet in which their child is participating.

- Prior to each swim meet, an email is sent out with a link to sign up to time. Each parent is responsible to check the schedule, sign-in, and to show up at the required time. The sign-up sheet will be given to the coach at the meet.
- If you do not show up for your shift or have not made arrangements with a designee* to cover your shift, you will be charged a fee of **\$25** for each missed shift.
- For those families who have older swimmers (for example those that may drive), you are still required to help with your timing obligation. If you can’t attend, you will still be responsible for finding a substitute designee*.

*A designee can be any person over 16 years of age that is capable of fulfilling the job requirement.
