

## **Locker Room Policy**

Renegade Aquatics practices Monday through Friday at the Baker Family Branch of the Boys & Girls Clubs of Greater San Diego. The facility has a changing area and bathrooms that are shared amongst the children attending the club, Renegade athletes, and occasionally adults. It should also be noted that deck changing is now prohibited; a swimmer must use a locker room or proper changing area.

Coaches and parents make every effort to recognize when an athlete leaves the pool to use the bathroom. If the child does not return in a timely fashion, someone will check on their whereabouts. While in the bathroom and changing areas, Renegade swimmers and parents should minimize their interactions with B&G club children, so as not to prevent them from returning to their inside activities. If there is any form of inappropriate behavior, it should be reported to a member of the coaching staff.

Under no circumstances will the use of cell phones or other mobile devices with recording capabilities (including voice recording), cameras, or video recorders be used for any recording purposes (photo or voice recording) in any locker room, changing area, or showers. Failure to adhere to this policy can result in sanctions, up to and including expulsion from the Renegade program and being reported to local police or sheriff departments.
