

Registration

Online registration will open on Monday, April 29 on our secure website. Credit card and ACH payments are accepted (we do not accept cash or check payments for lessons.)

All sign-ups are first-come, first-served. There is a limited number of lessons available based on pool space and instructors, so be sure to sign up as soon as possible.

Level Move Ups

Instructors will communicate group move-ups to parents at the end of each session. Any swimmers who are already signed up for a class and level will be moved based on their new level and class availability.

Pre-Team

Winters Swim Team offers a pre-team group for swimmers who are ready to move from lessons to the swim team. This group practices in the mornings and afternoons. Practices are offered four days a week. Practices are 30 minutes in length. Each practice group is limited to 12 swimmers.

Swimmers **MUST** be able to kick 25 yards unassisted as well as swim 10 yards to qualify for pre-team. There is a prorated option for swimmers who qualify for the group before July 1.

Early Learning Program

A lesson based program has been set up specifically for participants in the ELP program. Signups for these groups are available on the swim team registration site.

Refunds

Fees are due and payable at the time of registration. NO refunds will be made without a medical excuse and note from a doctor. Enrollment cannot be prorated due to vacations or partial attendance. Refunds are subject to a \$10 administrative fee if requested within 48 hours.

Health and Safety

If a participant has a pre-existing medical condition, please notify the swim lesson instructor or staff. California State Health Department state that participants having active diarrhea or who have had active diarrhea within the previous 14 days shall not be allowed to enter the water

Swim Diapers

Swimmers under the age of three or swimmers who are not toilet trained should use swim diapers when in the pool. Bowel movements in the pool can be a health hazard and may force a pool shutdown. Do not substitute with plastic training pants or regular diapers of any kind.
