

## December 2025 Silent Auction

---

Established in 1955, Neptune Swimming is one of the oldest competitive swimming programs in Sonoma County. Through the years, Neptune Swimming has been a consistently successful team thanks to our dedicated coaches, athletes, parents and the support of our community. Our mission is to help young student athletes set goals, achieve new personal bests, find value in hard work and commit to the journey.

Our community has supported donating items for the silent auction so that our non-profit team can continue to support swimmers. We thank you for making a bid on an item for our fundraiser.

Write your bid amount at any time before 12pm Sunday.

Bids close 12:00pm on Sunday.

If you win your item you can take it with you on Sunday at 12:30pm and you have the choice to have your account billed, or pay in person via venmo, check or square.

Thank you for supporting our swimmers!
