LSC Leaders Meeting report 01/13/2022

- Based on USA Swimming survey done with coaches, USA Swimming will be implementing new changes to the team division services. They will have one person responsible for 7-8 LSCs (approximately 200 clubs). They plan on having one USA Swimming member attend LSC Board meetings.

USA Swimming membership requirement changes for Meet Marshall. They are no longer required to be registered members: As previously communicated to all USA Swimming members, in order to comply with U.S. Center for SafeSport requirements, the USA Swimming Board of Directors approved expanding Corporate Bylaw 2.6.6, which set forth those who must be non-athlete members of USA Swimming. This expansion included requiring meet marshals be registered non-athlete members of USA Swimming effective January 1, 2022.

USA Swimming received a significant amount of member feedback specifically in reference to requiring non-athlete membership of meet marshals. As a result of that feedback, USA Swimming requested a review from the Center regarding the role of a meet marshal and whether it meets the threshold of a volunteer who interacts directly and frequently with athletes or has authority over athletes as a regular part of their duties. **We recently received confirmation from the Center that the role of a meet marshal does not rise to the level of contact with or authority over athletes significant enough to require non-athlete membership of these volunteers.** The Board of Directors acted quickly to approve amending Corporate Bylaw 2.6.6 to remove the requirement for meet marshals to register as non-athlete members of USA Swimming. Concurrently, the Operational Risk Committee has worked to standardize the role of a meet marshal and developed Meet Marshal Standards. The Committee has also developed a standard meet marshal training program, which will be released in 2022.

Please note, this change is only in reference to meet marshals, and all other communicated categories will still be required to become non-athlete members of USA Swimming immediately. These individuals include:

- Adult employees of USA Swimming, Local Swimming Committees (LSCs) and member clubs;
- Adults serving on the board of directors of USA Swimming, LSCs and member clubs;

- Individuals in a position of oversight over the operations of a member club;
 - Adults with an ownership interest in a member club;
 - Referees, starters, administrative officials, chief judges, as well as stroke and turn judges; and
 - Other volunteers who interact directly and frequently with or have authority over athletes (as defined in the SafeSport Code for the Olympic and Paralympic Movement) as a regular part of their duties.
- A New Membership category will be created and implemented in 2023 for club leaders/ board members etc. The membership cost will be \$30. They will be covered by USA Swimming's insurance.
 - Zoom Enterprise licenses are still available for \$240. Some teams were unaware that they needed to renew their licenses through their LSC, therefore, deadline was extended until January 15th.
 - Sam Cyliax will be responsible for all USA Swimming camps (email: scyliax@usaswimming.org)
 - LSC By-laws must be updated and submitted to the USA Swimming office. Only required change is the addition of the DEI Chair. If no other change has been implemented, FGC must notify USA Swimming that no changes were made at the last HOD meeting. To this date, only 19 out of 59 LSCs have submitted their updated by-laws. By-laws must be submitted to: bylaws@usaswimming.org
 - Financial report requirements (990 + Year's end financial statements) need to be submitted to USA Swimming. Only LSC still missing reports.
 - USA Swimming workshop (April 21-24) to be held in Denver, CO. Both in person and virtual will be offered. Jane Grosser was unaware of the hotel's virtual capability. She will look into it this week. New Coaches Certification Track will start. In 2023, they will most likely add Officials and Safe Sport Track.

LSC Governance- as determined by the BOD and membership

Required items- complete each item

- 1. Mission/Vision:** The BOD should have a clear understanding of the LSC purpose. The mission and vision statement define this purpose. The LSC mission and vision should be posted prominently on the LSC website homepage and referenced in all decision making. USA Swimming strongly encourages LSC's to incorporate DEI in their mission statement or create a separate DEI mission statement to show they recognize, accept, support, and encourage membership from diverse backgrounds.

Enter the link from the LSC website homepage where the Mission and Vision of your LSC can be found. When was the last review of the LSC Mission/Vision?
- 2. Strategic Plan:** Long-range strategic planning is required for the BOD to lead the LSC. It should be a living document monitored by the BOD, updated based on member feedback, and should include a section specific to DEI. The goals and objectives of the plan should be communicated to the members of the LSC.

Enter the link from the LSC website to the LSC strategic plan: how else is the strategic plan communicated to LSC members? When was the last review of the LSC strategic plan?
- 3. Governing Documents:** Bylaws, rules, and a financial plan define the operations of the LSC and designates how resources are allocated. These documents need to be current and accurate, reviewed on a regular basis, and contain inclusive language. Members of the LSC should have access to these documents through the LSC website. Article 602 of the USA Swimming rulebook states: "LSCs are required to update their bylaws and send a copy to bylaws@usaswimming.org within sixty (60) days of the effective changes to the Required LSC Bylaws adopted by the USA Swimming House of Delegates or the LSC House of Delegates." A USA Swimming approved copy of the LSC bylaws should be on file with USA Swimming by the end of each calendar year (submit to: bylaws@usaswimming.org).

Enter the link from the LSC website where the LSC governing documents such as bylaws, rules, and annual/quad financial plan are published.
- 4. LSC Representation:** The LSC BOD should reflect the diversity of the members and teams of the LSC. Athletes are the focus of our sport. Coaches are the professionals of our sport. Together they possess the technical knowledge and expertise needed to steer the allocation of the LSCs resources for optimal use. Athletes and coaches representative of all teams should be invited to participate in LSC leadership.

List the athlete members of the LSC BOD: What percentage of the BOD does this represent? List coach members of the BOD: What percentage of the BOD does this represent? List additional athlete and coach members on the LSC Committees.
- 5. Financial Oversight:** The allocation of LSC finances reflects the priorities of the LSC and should be planned on a multi-year basis. The LSC has access to collective resources greater than those of most individual teams within the LSC. Resources should be allocated to support the success of athletes, coaches, and teams of the LSC and include a specific allocation to include DEI and Outreach participation in all LSC programming.

Enter the link to the LSC financial plan on your website. Other than travel support, what percentage of the LSC budget is dedicated to supporting members in other ways?
- 6. Governance Committee:** The Governance Committee supports the BOD in three areas: Board Recruitment, Board Development, and BOD Documents. The Governance Committee does not

make BOD decisions. The Governance Committee should reflect the diversity of the members and teams of the LSC.

Describe how the LSC Governance Committee is fulfilling its responsibility in each of the following areas: board recruitment, board development, board documents

- 7. Diversity, Equity, Inclusion (DEI):** USA Swimming encourages LSC's to embed DEI into the fabric of the LSC. The DEI Chair should work with the BOD and each committee to assure that DEI is integrated, as appropriate, in all areas.

Describe how the BOD assures that DEI is embedded into every aspect of the LSC

- 8. Board Orientation** Board Orientation is an essential tool for onboarding new BOD members. It provides an opportunity for new and current members to review procedures, schedules, expectations of individual participation, discuss BOD commitment to Diversity, and review the business of the BOD. A well-organized electronic BOD manual provides items for a successful orientation and should include information such as financial plan/P&L, meeting/LSC event schedules, past minutes of meetings, the LSC strategic plan, R&R/P&P. A BOD orientation can be run at the beginning of an official BOD meeting and ideally allows time for Q&A, social interaction, and review of the LSC Strategic Plan.

Enter the link from the LSC website to the LSC BOD manual and list the date of the last BOD orientation session

- 9. Membership Input/Feedback:** A critical part of the strategic planning process includes considering feedback from members. This is one way in which the BOD evaluates the successful allocation of LSC resources and tracks the progress of the strategic plan. The DEI Committee should seek and evaluate DEI specific feedback.

Describe how the LSC BOD seeks feedback from its members. Enter the link from the LSC website where members can provide feedback to the BOD.

- 10. Evaluation:** Regular Program evaluation and BOD self-assessment are tools that help monitor the progress of the strategic plan.

Describe how the LSC utilizes evaluation tools to guide the planning by the BOD. Cite examples of how adjustments have been made by the BOD based on evaluations.

Governance Additional items: Complete any 5 of the 10 items

- 1. House of Delegates (HOD) Representation:** The BOD should maintain a policy that encourages members of the LSC to attend the HOD meeting(s). A policy to encourage athlete participation from each team in the HOD meeting should also be maintained.

Enter the direct link to the LSC P&P where the policy regarding HOD participation can be found.

- 2. Other BOD policies:** The BOD must maintain policies beyond bylaws, rules, and a financial plan such as; crisis management, COPPA, whistleblower, document retention, conflict of interest, clearly stated anti-discrimination policies, procedures for reporting DEI related cases, transgender athlete policies, risk management, etc. These policies should be maintained in the LSC P&P.
