Meet 360 and the Quality Control System Review Webinar

Join USA Swimming Program Director of Safe Sport, Liz Hahn, in discussing all things **Meet 360 and the Quality Control System on Wednesday, September 14, 2022 at 1:00 p.m. ET.**

On an annual basis, the U.S. Center for SafeSport conducts an administrative audit of every National Governing Body (NGB) in the Olympic and Paralympic Movement, including USA Swimming. In the audit, we must show how USA Swimming is effectively meeting the Center's audit standards in three areas: 1. Education and Training, 2. Communication and Reporting, and 3. Quality Control System (QCS).

The legislation USA Swimming's Safe Sport Committee is proposing during the Annual Business Meeting (R-15) must be passed in order for us to be in compliance with the Center's audit standards.

To help further understand this legislation, all HOD and general members are encouraged to attend our next webinar on September 14, 2022. If you are unable to attend, please watch the recording, view model language and access the PowerPoint from the Wednesday, August 31, 2022 webinar [here](#).
