

Notes:

- Working on updating the website before the next board meeting. Adding all committee members and board members.
- Created a new Facebook. Twitter is being used more frequently. Instagram is the most used platform.
- We will be increasing our viewing of USA Swimming's website, so we can be sure to keep the SC LSC website up to date.
- Alter the wording of the Social Media Policy, so we can include last names on some social media posts. (Include last names when there is no picture. Ex: Sally Jones is a qualifier for National Select Camp.)
 - Vote on this at the next meeting!!^^^
- Change the Google Form, to encourage people to use the google form rather than directly emailing those who have control over the social media.
 - Educate people further on how to use the form
 - Pick and choose what platform to post information on
- Add highlights on Instagram for each committee?
 - Discuss/vote at the next meeting
- Next meeting the week after high school state?
