P.S. Here is a short message from John Woods, Southeastern Swimming General Chairman

There is great inspiration in the effort of so many in Southeastern swimming. Swimmers, parents, coaches and volunteers work tirelessly to participate in, promote and support our great sport. Southeastern swimming as a local swim committee is represented well at local, national and international levels of USA swimming. Please take a moment to consider volunteering to help direct our LCS as a board member, committee chair or a team representative. We are always looking for enthusiastic and well directed individuals for positions in Southeastern swimming. You can use your perspective and knowledge to support our swimmers' efforts and help our LSC continue to be one of the best in USA swimming. Thank you, John Woods
