

Proposals in the “T” Block are to be considered for adoption by the Committee.

T-2	ACTION:	Adopted	Defeated	Adopted/Amended	Tabled	Postponed	Withdrawn
Submitted by Matt Webber H.S.A.							
Will be effective immediately							
T-2 Adjust the Scoring of the Winter and Summer Southeastern Championship Meets							
Proposal is to score each event, regardless of age, to 16 places for the Southeastern Swimming Winter Championships and Southeastern Swimming Summer Championships.							
<u>Rationale/Notes:</u> The process by which scores are posted is very confusing because of how we currently have two different point scoring systems. There would be no additional heats swimming in Finals, this would simply be for scoring points.							

T-3	ACTION:	Adopted	Defeated	Adopted/Amended	Tabled	Postponed	Withdrawn
<i>Submitted by Matt Webber H.S.A. (similar proposal also proposed from Steven Murry XCEL)</i> <i>Will be effective immediately</i> T-3 Adjust the Number of Participants in Finals Session for 13-14 events 400 yards/meters and longer Proposal is to limit the number of participants in the Finals session to eight (8) for 13-14 events 400 yards/meters or longer. <u>Rationale/Notes:</u> If T-2 is adopted, this would not affect the scoring of the event, simply the number of participants in the Finals session.							

Rationale/Notes: Our 18 and under swimmers are the athletes who most need a second swim for recruiting purposes. College swimmers would still have 8 spots to swim in finals (the same number that we currently use for 11-12)

T-9	ACTION:	Adopted	Defeated	Adopted/Amended	Tabled	Postponed	Withdrawn
Submitted by Steven Murry XCEL							
Will be effective starting with the 2024 Southeastern Swimming Summer (LCM) Championships							
T-9 Split the Southeastern Swimming Summer (LCM) Championships into two separate meets, Open and 14&Under, to be held on two separate weekends							
Proposal is to create two separate Summer (LCM) Southeastern Swimming Championship Meets that will be held on two separate weekends. One would be for athletes 14&Under, the other would be Open. <u>Rationale/Notes:</u> The current format places too high of a burden on only one team/facility to continue hosting a combined championship meet. Even with larger facilities such as Hunstville, the number of athletes and timelines are so tight we are unable to swim full event lineups for 11-12.							

T- 10	ACTION:	Adopted	Defeated	Adopted/Amended	Tabled	Postponed	Withdrawn
Submitted by Steven Murry XCEL							
Will be effective starting with the 2025 Southeastern Swimming Winter (SCY) Championships							
T-10 Split the Southeastern Swimming Winter (SCY) Championships into two separate meets, Open and 14&Under, to be held on two separate weekends							
Proposal is to create two separate Winter (SCY) Southeastern Swimming Championship Meets that will be held on two separate weekends. One would be for athletes 14&Under, the other would be Open.							
<u>Rationale/Notes:</u> The current format places too high of a burden on only one team/facility to host a combined meet. Even with larger facilities such as Hunstville, the number of athletes and timelines are so tight we are unable to swim full event lineups for 11-12.							

T- 11	ACTION:	Adopted	Defeated	Adopted/Amended	Tabled	Postponed	Withdrawn
Submitted by Steven Murry XCEL							
Will be effective starting with the 2025 Southeastern Swimming Winter (SCY) Championships							
T-11	Remove the 13-14 and Open 200 yard Freestyle and 200 yard Medley Relays from the Southeastern Swimming Winter (SCY) Championship Meets						
Proposal is to remove the 13-14 and Open 200 yard Freestyle and 200 yard Medley Relays from the Southeastern Swimming Winter (SCY) Championship Meets							
Rationale/Notes: These relays add too many total events for the athletes over the weekend.							

Old Business from 2020 Meeting

2020 T- 7	ACTION:	Adopted	Defeated	Adopted/Amended	Tabled	Postponed	Withdrawn
Submitted by Robin Heller SAST							

Will be effective

T-7 Incorporate Para 1, 2, and 3 Motivational Time Standards Into LSC Championship Meets

Proposal is to adapt and incorporate USA Swimming's LSC Motivational Time Standards into Southeastern Swimming's Long Course and Short Course Championship Meets

Rationale: As the Adaptive Chair for Southeastern Swimming is it my duty to submit this proposal to the body. These times have been passed down as a tool for LSCs to decide how or if they want to incorporate disability standards in our meets and how. Here is the best way I have decided to propose adopting these standards. By Adapting the "Para1, 2, and 3" Motivational Time Standards we will be allowing Disability Swimmers to compete in Our SES Championship meets.

- All Swimmers would have a maximum of 6 Individual Events to be swum Friday, Saturday, and Sunday, Max of 2 events per day. BOTH long course and Short Course Meets
- These swimmers will swim TIMED FINALS ONLY in Prelims like the 10 and Unders.
- The "Disability Events" will be spaced out during prelims and all swimmers will be placed in a heat based on SEED TIME (not stroke, age, distance, etc.) SEED time will be used to make the timeline as tight as possible and to have close competition for our disability athletes.

For Example: (and just my suggestion totally up to the host team)

Friday 2 Events :45 seconds and under and 4-5 mins

Saturday 2 Events 1:30 and under and 2-3 mins

Sunday 2 Events 1:00 and under and 3-4 mins

- On Sunday Events will be placed and awards will be given, but no points will be allotted
- Disability Swimmers are swum together, but scored by gender, event, age group, but NOT separated by Disability only by "Para 1, 2, and 3"

Supporting documentation (standards) will be posted.
