

USA Swimming Deck Pass Information

USA Swimming now offers an online digital membership card. The online membership card will provide athletes and non-athletes with easy accessibility if they need a copy of their card at any time, connect them to our partners and increase USA Swimming's brand awareness.

Athlete and non-athlete members access their current membership card through Deck Pass. The membership card may be printed if desired or the Deck Pass app on a smart phone can be used by an athlete to prove membership at a meet. The app will show coach certification dates and may be used for deck access at meets and practices.

*** Membership cards will not be mailed to any member—athlete or non-athlete. Digital access to membership cards is through Deck Pass, either the app or through the USA Swimming website.

To sign up for Deck Pass the link to USA Swimming is:
