

United States Aquatic Sports (USAS), the National Federation for the US recognized by World Aquatics (AQUA), conducted its quarterly Board of Directors meeting on Saturday, February 4, 2023. Representatives of the five constituent organizations of USAS – USA Artistic Swimming, USA Diving, US Masters Swimming, USA Swimming, and USA Water Polo, attended the meeting convened by President Patricia Miller.

The USAS Board of Directors made decisions regarding election nominations for the World Aquatics President and Treasurer:

- **For World Aquatics President, Husain Al-Musallam (KUW).** Captain Al-Musallam was recognized for his exemplary leadership since his election in June 2021. USAS enthusiastically supports President Al-Musallam's efforts to promote gender equity, provide athlete leadership opportunities, and expand development initiatives, and supports his bid for re-election.
- **For World Aquatics Treasurer, Dale Neuburger (USA).** Mr. Neuburger was acknowledged for his financial stewardship as the current AQUA Treasurer through the difficult period during and after the COVID-19 pandemic. USAS recognizes that he has been a key contributor to enhanced marketing efforts, sound investment strategies, and improved communications during his first term. The Board of Directors voted without opposition to put forward and support Mr. Neuburger's nomination for re-election as the AQUA Treasurer.

USAS looks forward to supporting Captain Husain Al-Musallam and Dale Neuburger in their re-election bids at the next World Aquatics Congress, to take place on July 25, 2023, in Fukuoka, Japan.
