National Evaluator Ron Van Pool will be conducting an educational clinic for USA Swimming officials before the 2016 Western Zone Age Group Championships. The clinic is open to all officials, regardless of whether or not they work the meet, and interested others. It will provide a needed "Learning Activity" credit toward National Certification and possibly fulfill an LSC "Learning Activity" credit as well. (Check with local LSC Officials Chair to verify.) Those who register will have this Learning Activity entered into the USA Swimming Officials Tracking System on their personal history.
