• Treasurer's Report

Bob Rustin

- More income on the revenue side due to the sectional meet.
- Bob Moving \$30,000 to the endowment fund this month (\$15,000 to each fund).
- The endowment fund is received about 10% return right now.
- John asked about rebates. All championship rebates have been received. We are \$95,000 down from budget. Some may be made up in June-July. The number of meets was up, but the number of splashes is down. There are still five meets with rebates still outstanding from April and four meets from May.
- LC meets are not at normal capacity right now.
- Bill projects that the VSI budget will breakeven for the year.
- Travel reimbursements for short course are under budget.

• General Chair's Report

Bryan Wallin

- On June 30, there is a virtual USA Swimming House of Delegates to handle the proposed legislation. Delegates who attended convention in September need to attend the meeting.
- Next year, there will be an expanded in person Zone workshop.
- Bookmark the USA Swimming calendar to sync to your calendar.
- September 23-25 – Colorado Springs HOD meeting. Invitations will be sent out to those who need to attend in person.
- The VSI Committee Survey that went out to the BOD is still open. Bryan will compile a summary to share with the board.
 - Changes are requested from a few committees. Bryan noted that the committee responses requested that the Age Group and Senior committees address the needs of the athletes for the entire season rather than focus on Championship season only.

• Administrative Vice Chair's Report

John Stanley

- No report

• Senior Vice-Chair Report

Steve Hennessey

- Report submitted.

• Age Group Vice-Chair Report

Drew Hirth

- Addressed qualification procedures for the 2021 Zones team at the June AG meeting.
- Reviewed the Summer Awards templates to go to the host teams.
- Age Group Champs meet invitation will be finished this week.

• Finance Vice-Chair Report

Bill Geiszler

- Maureen and Bill worked together to determine the Zone team costs.

Virginia Swimming Board of Directors Meeting

- The expenses for coaches and entry fees for swimmers will be around \$16,000. Since VSI will not pay for rooms for the athletes (family travel meet for 2021), the Finance committee proposes that VSI pay for the uniforms for the teams. The athletes will pay \$100 to reserve their spot on the team. The remaining cost would be covered by VSI for uniforms. Bob suggested paying for team meals. Parent education will be important as this year is a “one off.”
- **Safe Sport Vice-Chair Report** Maureen Tolliver
 - The first \$1500 incentive check was received from USA Swimming.
 - The next deadline is due on June 15. There are two teams who have submitted their information but are not yet approved. Once approved, VSI should receive the next incentive for \$3500.
 - Maureen requested the business office send an email to the teams who have not completed to encourage those in the process to continue their work and really encourage remaining teams to start the process. The LSC \$500 incentive expires at the end of August.
 - Safe sport recognition is a two-year recognition. Some clubs will need to work on getting renewed.
 - Mary reported that two teams may complete club applications by June 15.
- **Diversity, Equity, and Inclusion- Chair** Jihan Minson
 - Report attached
- **Governance Committee Report** Kevin Hogan
 - Governance plans to update the descriptions in the Policies and Procedures to reflect the true nature of the committee.
 - The Governance Committee encourages some committees to meet more often so there can be discussion for the committee focus.
 - Governance suggests that a BOD orientation be planned for the incoming Board. Mary has material for the orientation.
 - One of the duties of the committee is to evaluate the Mission and Vision statements.
 - Strategic plan is needed as this is the BOD's focus.
 - Schedule a meeting of the Governance committee to review the duties and make decisions of things that need to be done.
- **Athlete Committee's Report** Jack McCann
 - Allison Dodd reported that she has been on the task force meetings for the championship meet progression.
- **Coach Committee's Report** Mike Salpeter
 - Email was sent recruiting coaches for Zones and about coach nominations for the Junior Rep position.
 - Task force for the championship meet progression has been meeting.
- **Executive Director's Report** Mary Turner
 - Registrations are down 4.1% for the year.
 - Summer leagues and Olympics will hopefully drive more registration.
 - Leap 1 is needs to be done by September. Once Leap I is done, move to Leap 2 and maybe onto Leap 3. The difference between Leap 2 and 3 is benefits for full time employees.
 - Select Camp grant of \$5000 was given to VSI. VSI will have to supply \$3000. An 11-14-year-old IMX select camp is scheduled for late September or early October. Top 8 IMX for single age group per gender for a total of 64 athletes. Arrangements had been made with St. Catherine's for the original camp plan in April 2020. The Camps committee prefers to spend the money on the athletes, not focus on a fancy facility. The letter of agreement included extra stipulations not in the application. These stipulations are a DEI and Safe sport component must be included and to not rely too heavily on training. Plan to bring in an athlete to speak to the camp.

Old Business

- Athlete endowment-impact on PVS – discussed in Treasurer's report

Virginia Swimming Board of Directors Meeting

Monday June 7, 2021

7:30 pm

ZOOM Conference

- Policy 18-Sanction and Approval Process Work Group- protected weekends during championship season-moves into new phase VSI Competition Schedule.

New Business

- **Task Force- VSI Competition Schedule**
 - Coaches received a survey prior to the first meeting to identify the general sentiments across the LSC.
 - The sentiments were that what is currently in place is not necessarily meeting the needs of the athletes in the LSC. District Champs meets are viewed as qualifier meets rather than culminating meets.
 - Possible scenarios:
 - A/BB/B/C option – committee did not want to do it.
 - Use February for qualifier meets that teams can run on their own. Senior and AG Champs with a true culminating meet coming after the championship meet.
 - Move the regional meet to after Senior champs which also resolves the conflict with the high school season.
 - Proposes that the recommendation go through the Senior and Age Group committees with final approval by the BOD rather than part of the Senior Committee.
 - The changes would go into place in the 2022-2023 season and give it 2-3 years before changes are made.
 - Mary has notes for the meetings.
 - The next task force meeting is Tuesday, June 22.
- VSI Committee Review/Survey – see above
- VSI Zone Team Expenses – see discussion about expenses in the Finance Committee Report
 - The Zone team application will launch later this week once Maureen confirms with Metro Swim Shop about the uniform ordering.
- Mary asked about whether the BOD meeting in August and the HOD meetings will be face to face or virtual. The HOD for board members would be in person with a virtual option for delegates. Bryan would like the August BOD meeting to be face to face.
- John reported that the new logo issue with the USA Swimming shield is still not completely resolved. The current thinking is that VSI needs to use the version of the logo that does not include the USA Swimming shield.

Adjourn

The meeting was adjourned at 8:41 pm

Virginia Swimming Senior Committee Report

1. Current working groups.

- **VSI Senior Circuit Concept:** Attached is a recommended concept for a VSI Senior Circuit. It provides basic outlines and guidance on how to proceed with the circuit. If the concept is adopted by the committee, we would pass it along to the Tech Planning Committee for input and recommendations. Ultimately this would be passed to the VSI BoD for approval.
- **Future Senior Champs Planning (Virginia Commonwealth Classic Initiative):** Attached is a report from the WG. The report lays out the proposed championship format meet and the parameters for the meet. The report further explains the delays and identifies the remaining open items needed to be resolved before a final proposal can be presented for consideration.
- **Camps & Clinics Working Group:** The report lays out the challenge and the improved awareness of the need for camps, clinics, and the development of Virginia Swimming select teams. It proposes working closely with the Age Group Committee to create broader reach across Virginia Swimming for all swimmers (age group & senior).

2. Overview of Working Group Effectiveness:

- The committee appointed 10 working groups working on concept changes for senior swimming and also in response to situational needs.
- 7 of those working groups provided direction and process improvement for senior swimming and/or leadership for the LSC in other areas.
- All committee members agreed the continuation of the WG process would be a strong positive. The WG group process provided strong ownership by the committee, provided leadership opportunity for committee members, and increased opportunity for voice in our processes.

3. Post Summer Senior Champs review:

- The impression of the execution of the summer senior champs was largely positive. Good on-deck adjustments were made in response to unforeseen situations, i.e., splitting of warm-up/swim-down breaks after events by gender due to the number of athletes in the session.
- The committee felt the 4-day format helped spread out events and offered additional competitive opportunities. Athletes were especially in favor of the 4-day format.
- We will need to review if having bonus events are appropriate for summer senior champs. If so, should 400 IM, 400/500 Free, 800/1000 Free, and 1500/1650 Free be excluded from a choice as a bonus event.
- Determine if the C & D final will continue to be limited to only 18&U swimmers or return to only the D final for 18&U swimmers.
- Ensure the parameters of specific warm-ups are included with general warm-up session (length of specific warm-ups, pace-lanes, one-way start lanes, etc.). Additionally, all warm-ups are conducted with athletes swimming only in counter-clockwise direction.
- Air quality was a concern as the meet continued. The facility responded to concerns quickly; however, once air quality becomes a provide it is hard to improve as the meet continues. Taking steps to reduce air quality problems is best handled pre-emptively.
- While developing opportunities for our developing senior swimmers, we must be sure not to hamper opportunities for high-level senior swimmers.
- The meet host provided a snapshot of the meet highlighting the timeline for each event and the number of competitors.
 - ✓ While developing the 2021-2024 Quad QTs, we included the the number of competitors for each year of the previous quad.
 - ✓ The snapshot will provide an excellent comparison for this year against past years as we start to move forward from pandemic management measures.

4. **Development of Distance Competition Opportunities**

- 2021-2024 Quad VSI Senior Champs Qualifying Times working group strongly recommended not advancing the times from the previous quad since we did not have the same level of representation for these events (800/1000 Free and 1500/1650 Free and to a lesser extent 400 IM and 400/500 Free) as all other events.
- The working group recommended creating more opportunities for distance swimmers since our seasonal meets often have to curtail the number of swimmers for those events.
- The committee believe a senior circuit if adopted with help for senior swimmers due to the nature of the meet. More alternative must be developed and explored as a joint initiative with the senior, age group, and technical planning committees.
- Advancing will provide further development through opportunity. This will allow for advancing qualifying times without concern of discouraging those swimmers who are often limited to one or no opportunities during in-season meets.

5. **Next committee meeting:** 1:30 PM, on Thursday, Sep 2nd

VIRGINIA SWIMMING SENIOR CIRCUIT CONCEPT

1. Highly recommend we establish a VSI Senior Circuit

- Solid responses from two surveys and cold calls.
- 88 percent indicate support for a VSI Senior Circuit

2. Target participation

- All qualified swimmers seeking senior level competition experience
- Primarily reserved for VSI team; however, meet hosts would be permitted to invite out-of-LSC teams

3. Qualifying times for eligible participation in VSI Senior Circuit

- Recommend 15-16 "A" time in at least two of the following qualifying disciplines: Freestyle, Backstroke, Breaststroke, Butterfly, Medley, and Distance Freestyle (800/1000 Free and 1500/1650 Free)
- Important to make the qualifying standards progression from year to year. A suggested target would be two VSI Senior Champs qualifying times as indicated above.
- A comparison of potential QTs are listed below:

10% of SRC QT	5% of SRC QT	15-16 "A" Time	Events	15-16 "A" Time	5% of SRC QT	10% of SRC QT

4. Meet Format:

- 2-day format to keep from extending the meet weekend to 2.5 days or longer.
- 2-session on Saturday; 2-session on Sunday (distance mid-morning; remaining events immediately following)
- Order of events can be based on our two order of events for senior champs or something the host would prefer.

5. Meet size and frequency

- The first meet should be offered late September or early October and should target district competition. Gives all senior level swimmers a first competitive swim to establish a starting point for the season.
- Second meets should be late October or early November and should target region level competition. Gives all senior level swimmers a second competitive swim measuring progress and prepares for potential travel meet experience.
- Third meets should be early to mid January and target LSC wide competition. It provides all senior level swimmers a final chance to compete in non-HS Swimming events. Provides the most varied range of competitors prior to senior champs in early March

6. VSI Senior Circuit membership responsibilities:

- A commitment by teams to compete in at least two of the meets offered.
- Bring those qualified swimmers who have demonstrated a level of dedication consistent with swimmers with goals and aspirations to compete nationally.

7. Importance of a VSI Senior Circuit

- Provides solid competition with swimmers with like interest, goals, and effort.
- Ultimately will elevates swimming for VSI senior swimmers as the circuit develops and becomes more selective
- Potentially creates more interest for out-of-LSC teams to come to Virginia for select competition
- Creates more opportunity to swim all events, including distance events without the concerns of restricted heats due to timeline requirements in age group based meets.
- Order of events and number of sessions will make the circuit meets challenging. This will better prepare swimmers for senior level championship meets with similar demands.
- Circuit meets with a limited target for participation will provide more space for proper warm-up and swim downs. The meet regimen will illustrate the need for proper preparation to be successful at meets.

FUTURE SENIOR CHAMPS PLANNING WORKING GROUP (VIRGINIA COMMONWEALTH CLASSIC MEET) UPDATE

1. Our working group looked at the future of senior champs and the idea of creating a "championship" meet for our LSC in November/December.
 - We finally came up with the idea of the Virginia Commonwealth Classic.
 - This is a meaningful championship meet for senior swimmers and a means to select athletes to participate in a VSI Select Camp.
2. Unfortunately, our working group stalled and eventually came to a screeching halt. With that being said, we definitely want to continue our work.
 - Several coaches are interested in having a meet like this.
 - There is potential to have a few new coaches join our working group to help us finalize our vision.
3. We look forward to helping make this come to fruition.
4. Details are below. Highlighted areas are ideas that we got "stuck" on.

Virginia Commonwealth Classic Meet

Date:	Weekend BEFORE Thanksgiving – date may be adjusted based on USA Swimming/VSI Calendar
Qualifying Times:	Senior Champs cuts (with LC version of cuts 2% slower?) – <u>times don't expire!!</u>
Meet Format:	3 day meet, prelims and finals, no 1650, mixed gender relays, meet is scored, prelims MUST be run in two courses, athletes can swim 3 events per day (9 total), we would offer time trials after evening finals (they count against your 3 events per day total)
Costs/Revenue:	Meet Host – 50% of revenue, Virginia Commonwealth Team – 50% of revenue We would ask VSI for additional funding (up to "x") if this isn't enough Standard meet entry fees apply (individual and relay)
Order of Events:	Opposite format of Senior Champs that season (If Senior Champs is Format A, Commonwealth Classic is Format B & vice versa)
Prelims:	13-18 age groups, everyone swims against everyone in the morning
Finals:	2 heats of finals in each age group, 13-14, 15-16, 17-18

19 and older athletes:	At this time we aren't ready to finalize a decision if they are included (senior committee input?) all options are open/available (timed finals, swim or no swim)
Mixed Relays:	At the beginning of finals (Friday – 200 medley relay, Saturday – 200 free relay)
Scoring:	Top 16 for each event (standard scoring)
High Point:	One male and one female from each age group
Awards:	Top 8 get medals
Team Scores:	Banner for winner, plaques for top 5
<u>Commonwealth Select Team:</u>	
Team Selection:	Athletes that have qualified for Zone Select or National Select Camp are ineligible • 13-14 boys: 6 • 13-14 girls: 6 • 15-16 boys: 6 • 15-16 girls: 6 • 17-18 boys: 6 • 17-18 girls: 6 • Athletes are invited based on highest FINA points total (3 highest events)
Camp:	Location to be determined, want it to be special (local vs. travel) – Covid-19?, cost
Camp Director:	Do we have a VSI rep to oversee the organization of this camp?
Camp Coaching Staff:	Determined by an application process (1 Head Coach, 5 assistant coaches)
Focus of the Camp:	Elite level training/racing, building camaraderie within the LSC, leadership skill development, various USA Swimming educational opportunities, etc.
Dates of camp:	Mid/late April, site TBD

CAMPS & CLINIC UPDATE

1. The task force group would like to continue this working committee into the new season.
2. The momentum generated from the IMX camp soon approaching will lend much-continued awareness and motivation for others to join & continue participation.
3. Received feedback on how and where the group may get more traction is under the coach's representation (along with VSI)
4. Recommend joining Age Group Committee efforts to spread awareness, create buy-in, and tie goals and objectives to the annual Zone Selection of coaches and athletes.
5. Partnering with the Age Group Committee will give Camps & Clinics renewed legs and fit into a yet to be determined vision/mission statement of its own in hopes of finding a rhythm of importance among the coaches, parents, and athletes we serve.

Virginia Swimming, Inc.
BoD Meeting
August 29, 2021
Executive Director Report

Final 2021 Registrations	2020:
Athletes: 5887	6191
Flex: 857	781
Outreach: 87	65
Seasonal: 58	0
Total: 6889	7037
Non-Athletes: 984	973
Clubs: 40	46

Athlete registrations for 2021 are down 2.1% as compared with 2020. One thing to remember is that the registration year started on June 1 so there are three months in which registrations overlapped this year. That said, only 382 athlete registrations were processed between June 1 and Aug. 31 last year. Our 2019 athlete registrations totaled 7489, our highest number ever. 2021 was 8% lower than that number. All in all, I believe we fared better than most LSCs in the country!

Additional Membership Requirement for Clubs: Earlier this month clubs were informed that all adult employees (anyone for whom the club generated a W-2) are required to be members of USA Swimming. This is a directive that came from the Center for Safe Sport. Clubs were informed about the requirement and have been working to comply with the requirement. When clubs register for 2022, they will be required to list the names of their adult, non-coach employees in addition to the members of their board of directors if a board run team. As Emily and I process the club renewals, we are expected to check the membership status of each of these individuals and notify the club of any who are not in compliance.

APT Issues: The Center for Safe Sport has changed how they provide the APT courses to USA Swimming and all the data has not yet been migrated. This seems to be causing issues in several areas affecting those trying to take a Refresher course as well as records being updated correctly for those who have completed a course. USA Swimming's vendor is currently working with the Center's provider and hope to have the issues resolved by the end of the week. Recommendation – tell anyone who takes the course to save a copy of the course completion certificate just in case. This can be sent to HQ and used as verification if the course does not automatically update in the system. Please have individuals who experience difficulty contact Emily or me so that we are aware and can provide assistance.

LSC Select Camp: Emily has been working diligently on the details for the camp this month and plans are coming together. The camp will be held on Sunday, September 26th at NOVA Aquatics Center – Regency. As previously reported, targeted camp attendees are selected based on their LC IMX scores for this summer. Invitations were sent Tuesday morning to the top eight 11 to 14 year old athletes per single age group per gender for a total of 64 campers. The deadline for accepting the invitation is September 1st and we will fill any open spots with the next eligible athlete to ensure that 64 athletes attend. The schedule for the day will include in-water training as well as

classroom sessions on DEI, Safe Sport, and Nutrition. The deadline for submitting an application to serve on the camp coaching staff is Monday, August 30th.

Zoom Licenses: If enough teams and LSCs sign up again this year, USA Swimming will continue to offer the license at a reduced rate. While the cost will be \$240 annually which is higher than last year, it is still much cheaper than the price an individual team or LSC would pay for the same services. Teams that did not use the service last year can add it this year, if desired. I will contact teams to determine the number that are interested in continuing to use the service and submit that information to HQ.

2022 Zone Meets:

- VSI and HOKI will host the SC South Region Sectional meet on March 23 – 26 at CAC.
- VSI was also awarded the EZ LC Age Group Championship Meet to be hosted August 3 – 6 at CSAC. Since that time, CSAC has notified me that they will not be able to serve as host because Masters' Nationals will now be held at the facility around those dates after being cancelled in 2020 and we need to let the members of the Zone know that this is our only option. Given the reservations put forth at the EZ meeting at the 2021 Convention with regards to hosting a meet at Liberty, it is entirely possible that the Zone will choose to withdraw its approval of our bid to host the meet.
- SRVA wants to submit a bid for 2022 LC Super Sectional in May. No bid for the meet has been submitted prior to now.

Action Item: Approve request to submit a bid to host the 2022 LC Super Sectional in May at CSAC.

2023 Zone Meets: Bid requests to host the Zone meets in 2023 must be submitted by September 12th.

- LC Age Group Champs: SRVA and NOVA would like to be considered as potential hosts. August 2-5
- LC Super Sectional (May): SRVA wants to host the meet. May 11-14
- SC South Region SC Sectional (March): HOKI wants to host the meet. March 23-26

Action Item: Identify what bids to submit for 2023 Zone meets.

2022 Registrations: An email with instructions for 2022 registrations was sent to teams in early July and we are already receiving registrations. We must wait to process these registrations until September 1st so we are maintaining a file of them until that date. The new forms are already available on the website. (<https://www.teamunify.com/team/va/page/registration/registration-forms>).

Announcements:

- We are making arrangements for the House of Delegates meeting and Swimposium to be hybrid events. The meetings will be held at CSAC – Swimposium on Saturday, September 18th and HoD on Sunday, September 19th.
- All Star Team: The lists for short course and long course will soon be posted on the website ([teamunify.com/team/va/page/athletes/recognitions](https://www.teamunify.com/team/va/page/athletes/recognitions)). Gifts for the team members will be distributed in the coming weeks.

Proposed Legislation Changes for VSI Procedures at the VSI BOD Meeting on August 29, 2021

Release date: August 22, 2021

The following paragraphs summarize the proposed changes to the VSI Policies and Procedures. **New language is in blue; ~~deleted language is in red and struck through~~**. Please see the attached document for the exact changes.

Procedure 33.2 (pg 38): Per section 7.4.3.B of the VSI bylaws, the members of the Governance Committee are appointed by the General Chair with the advice and consent of the Board of Directors. Eliminating the struck-through language will harmonize the procedure section with the bylaw section.

Procedure 35.1.E (pg 40): The Diversity Committee should have been eliminated when the Diversity, Equity, and Inclusion (DEI) Committee was created.

Procedure 45.2 (pg 47): Change the sanction and approval fee from \$20.00 to \$30.00 to harmonize the language with the currently approved budget.

Procedure 45.5.B (pg 48): The portion of the paragraph related to setting individual event and relay event fees has been deleted as they are now set by the host (see section 45.4). Language related to rebate fees has been retained for clarity.

13 WHISTLEBLOWER POLICY

13.1 General

VSI's Conflict of Interest Statement (CoIS) requires that members of the VSI Board of Directors (BOD), employees, and agents observe high standards of business and personal ethics in the conduct of their duties and responsibilities. Representatives of VSI must practice honesty and integrity in fulfilling their responsibilities and comply with all applicable laws, regulations, VSI By-laws, and VSI Policies and Procedures.

13.2 Reporting Responsibility

It is the responsibility of all VSI BOD members, employees, and agents to comply with the CoIS and to report violations or suspected violations in accordance with this policy.

13.3 No Retaliation

No VSI BOD member, employee, or agent who in good faith reports a violation of the CoIS shall suffer harassment, retaliation, or adverse employment consequence. A VSI BOD member or agent

who retaliates against someone who has reported a violation in good faith is subject to discipline by the Zone Board of Review. A VSI employee who retaliates against someone who has reported a violation in good faith is subject to discipline up to and including termination of employment. This Whistleblower Policy is intended to encourage and enable VSI BOD members, employees and agents to raise serious concerns within the organization prior to seeking resolution outside the organization.

13.4 Reporting Violations

In most cases, a BOD member's Division Head, an employee's supervisor, or an agent's VSI contact is in the best position to address an area of concern. If, however, the individual is not comfortable speaking with that individual or is not satisfied with the response, the individual is encouraged to speak with the General Chair, Admin Vice-Chair, Senior Chair, or Age Group Chair. VSI BOD members are required to report suspected violations of the USA Swimming Code of Conduct to the applicable Board of Review (Zone or National), which has specific and exclusive responsibility to investigate all reported violations. For suspected fraud, or when the individual is not satisfied or uncomfortable with following VSI's Whistleblower Policy, individuals should directly contact the applicable Board of Review (Zone or National).

13.5 Compliance Officer

The Chair of the VSI Finance Committee serves as the VSI Compliance Officer. The Compliance Office is responsible for investigating and resolving all reported complaints and allegations concerning violations of the CoIS and, at the Compliance Officer's discretion, shall advise the Finance Committee. The Compliance Officer has direct access to the Finance Committee and is required to report to the Finance Committee at least annually on compliance activity.

13.6 Accounting and Auditing Matters

The VSI Finance Committee shall address all reported concerns or complaints regarding corporate accounting practices, internal controls, or auditing. The Compliance Officer shall immediately notify the Finance Committee of any such complaint and work with the committee until the matter is resolved.

13.7 Acting in Good Faith

Anyone filing a complaint concerning a violation or suspected violation of the CoIS must be acting in good faith and have reasonable grounds for believing the information disclosed indicates a violation of the CoIS. Any allegations that prove not to be substantiated and which prove to have been made maliciously or knowingly to be false will be viewed as a serious disciplinary offense and will be referred to the Zone Board of Review.

13.8 Confidentiality

Violations or suspected violations may be submitted on a confidential basis by the complainant or may be submitted anonymously. Reports of violations or suspected violations will be kept confidential to the extent possible, consistent with the need to conduct an adequate investigation.

13.9 Handling of Reported Violations

The Compliance Officer will notify the sender and acknowledge receipt of the reported violation or suspected violation within five business days. All reports will be promptly investigated and appropriate corrective action will be taken if warranted by the investigation.

14 REGISTRATION PAYMENT POLICY

- 14.1 For teams that are in good financial standing with registration payments, registrations will be processed when received by the VSI Membership/Registration Coordinator. Payment of the applicable fees is expected within 15 days of the submission date.
- 14.2 Payment for registrations is due by the 15th of the following month (eg, payment for registrations made in October must be received by November 15th). At the beginning of each month, teams will be sent a statement of registration transactions showing the amount due that month. Teams failing to submit payment of the amount due prior to the 15th will be charged a 5% service fee. For each additional month that the payment is not received by the 15th of the month, an additional 5% service fee will be charged.
- 14.3 Teams failing to submit payment within 30 days of the original statement date will be deemed to be not in good financial standing regarding registration payments and no additional registrations will be processed until payment of the applicable fees has been received by the Membership/Registration Coordinator.
- 14.4 For teams that are not in good financial standing with registration payments, payment of all outstanding registration and service fees must be made by 15th of the month immediately following the month when the first service fee was assessed. If payment is not received by that date, all members of the team will be changed to unattached on the first Monday following the 15th.
- 14.5 Teams failing to submit payment within 60 days of the original statement will be automatically referred to the Administrative Review Board. VSI may also seek a legal judgment against the team.

15 CREDENTIALS

At all meets, all coaches are required to have their coaching credentials available and produce them if requested. The date of expiration will be shown on the credentials. Credentials will only be issued by the Membership/Registration Coordinator. This will only occur after s/he has received documentation that all requirements for certification have been met.

16 CLASSIFICATIONS, TIME STANDARDS AND ENTRIES

- 16.1 Unless otherwise announced by VSI, National Age Group motivational times will be used to determine swimmer classification. These will go into effect November 1 each year.
- 16.2 For each stroke and distance, the level of classification of the swimmer will be that of the highest level achieved whether in a 25 yard, 25 meter, or 50 meter course.

-
- 16.3 Relay Events: A swimmer may participate on a relay when his time in the stroke and distance of that leg of the relay is not faster than the time permitted in the individual event in the meet. If a swimmer betters the maximum entry time in the same meet, the swimmer may still compete in the relay.
- 16.4 Entry times must have been achieved in USA Swimming sanctioned or approved competitions, or observed swims. "Coaches Times" or "No Times" are permitted whenever specified in the meet announcement. Coaches Times must be slower than an A time. Entries using Coaches Times or No Times are not permitted at Age Group Champs or Senior Champs.
- 16.5 If, after entering an event, a swimmer achieves a time that is faster than the meet permits, the swimmer shall not participate in that event. The swimmer/coach must notify the meet director who will allow the swimmer to select an alternate event or refund the entry fee.
- 16.6 Illegal Participation in Meets
- A. Any of the following are deemed to be illegal participation:
 - (1) Entries using fraudulent and/or non-verifiable entry times that are not in accordance with the entry guidelines as specified in the meet announcement.
 - (2) Athlete competed in the meet in the incorrect age group.
 - (3) Athlete not registered with USA Swimming prior to the first day of the meet.
 - B. If an illegal entry is discovered after the entries have been sent in and prior to the competition, the host club shall contact the person submitting the entry to take corrective action. If no action is taken, the entry will be scratched and the entry fee forfeited.
 - C. If it is suspected that an athlete participated in the meet illegally, the Meet Director, Meet Referee, or VSI Times Officer shall submit documentation of the offense to the Executive Director and Administrative Vice Chair.
 - (1) If the offense is a fraudulent or non-verifiable time, the burden of proof shall be borne by the challenged club or, if unattached, by the athlete. The proof of time must include the name and date of the meet where the time was achieved and a copy of the official event results. The proof of time must be submitted within seven days of being challenged.
 - (2) Once a decision has been reached as to whether or not illegal participation occurred, the meet host shall be responsible for correcting the scores and awards as necessary. If corrections are required, the meet host shall send a corrected copy of the meet database to the VSI Business Office so that the corrected meet results can be published.
- 16.7 Penalties and Fines
- A. Any illegal entry or participation shall be reported to the Executive Director and Administrative Vice Chair who will then investigate the circumstances. Once it is verified that the entry or participation was illegal, a fine will be assessed according to guidelines approved by the VSI Board of Directors.
-

- B. If the athlete was swimming unattached, the fine is imposed on the athlete; if the athlete was swimming attached to a club, the fine is imposed on the club the athlete was representing during the competition.
- C. Fines are considered due and payable immediately upon receipt of notification, even if the assessment of the fine is appealed to the VSI Administrative Review Board.
- D. Fines are to be submitted to the VSI Business Office.
- E. Fines not remitted within fourteen (14) days after notification shall be automatically doubled.
- F. Should a fine remain unpaid after thirty (30) days, the athlete (if the fine was imposed on the athlete) or the club (if the fine was imposed on the club) shall be notified of their suspension from competition in VSI-sanctioned meets until such time as the fine is paid.
- G. The assessment of any fine or penalty may be appealed to the VSI Administrative Review Board within thirty (30) business days of notification of the fine.

17 COMPETITIVE SUBDIVISIONS

To maximize competitive opportunities, reduce travel, and facilitate administration, clubs are assigned to competitive subdivisions for various meet classifications. For regularly scheduled meets conducted in accordance with current course schedules, the Board of Directors will determine the competitive subdivisions and the assignment of clubs. The Technical Planning Chair may approve variations in club or athlete attendance on a case-by-case basis for good cause shown after consultation with appropriate members of the Board of Directors.

18 SANCTION AND APPROVAL PROCESS

- 18.1 The purpose of the sanctioning and approval process is to ensure that swimming competition under the jurisdiction of the VSI local swimming committee (LSC) conforms to the rules, regulations, policies, and procedures of both VSI and USA Swimming. Sanctions and approvals are granted to a host team sponsoring approved competitions within the VSI LSC.
 - A. Sanction requests are for competition under the auspices of USA Swimming guidelines and all of the participants registered with USA Swimming.
 - B. Approval requests are for competition under the auspices of USA Swimming guidelines and some of the participants registered with USA Swimming
- 18.2 VSI, through action of the VSI BOD, may reserve two weekends per year for leadership and education events as planned by the LSC. Meets shall not be held on these weekends.
- 18.3 The weekends on which District, Region, Age Group, and Senior Championships, as well as Summer Awards, are considered to be protected, and additional meets shall not be held on these weekends.

18.4 Bid requests for meets to be held during the upcoming swim year will be due by a specified date prior to the spring meeting of the Technical Planning Committee. The meet schedule for the upcoming swim season will be approved by the committee at that meeting. Once the schedule is approved, requests for sanctioned or approved meets received less than two months prior to the proposed start date of the meet will only be considered if:

- A. A meet on the approved schedule has been cancelled within four (4) weeks of the proposed meet, or
- B. Team entries for a meet on the approved schedule have been denied, or
- C. The requested meet is a time trial meet, dual meet, or intra-squad meet.

Once the request for the additional meet is granted and the meet is added to the schedule, the meet announcement must be submitted within five (5) days.

18.5 After a meet has been sanctioned or approved and posted to the VSI website, no fee, format, or other changes in the meet program (as defined in the USA Swimming Rules & Regulations) may be made without the expressed consent of the Administrative Vice Chair. If a team discovers that changes are needed, the team must notify the Administrative Vice Chair who may consult with the Age Group Chair, Senior Chair, or additional Board members in order to determine if the proposed changes will be allowed. In the event that the proposed changes are approved, a new meet announcement shall be submitted within five (5) days along with a re-sanctioning fee of \$250. Failure to notify the Administrative Vice Chair of such changes or follow the final decision regarding any changes could result in the denial or suspension of future meet sanctions.

18.6 The host team for the meet will submit a request for sanction or approval to the VSI Business Office along with a draft meet announcement and meet expense worksheet (if required) at least two months prior to the scheduled date of competition. The minimum information required for a sanction/approval to be issued is a list of events, the date, time, and location of the meet, check for the sanction/approval fee, the name and contact information of the meet director, and the name and contact information of the referee for the meet. Sanction and approval request forms are available on the VSI website or may be obtained from the VSI Administrative Vice Chair or VSI Technical Planning Chair. Payment of the sanction/approval fee must be submitted with the meet rebate fees and other fees remitted to VSI after completion of the meet.

18.7 The meet director will coordinate directly with the VSI Business Office and make all necessary corrections to the meet invitation. Once the VSI Business Office has vetted the meet invitation, it will be forwarded to the Administrative Vice Chair for final reviewing and issuance of a sanction number. Once sanctioned, the Meet Director will publish and distribute the invitation announcement. Distribution to all participating teams should be 45 days prior to the scheduled start date of the meet. Draft meet announcements received fewer than two months prior to the scheduled date of competition will be subject to the following penalties:

- A. Received 1 to 7 days past the original due date: \$50 per day.
- B. Received 8 or more days past the original due date: \$50 per day for the first 7 days and \$100 per day thereafter.
- C. Should the penalty remain unpaid after thirty (30) days, the club shall be notified of their suspension from competition in VSI-sanctioned meets until such time as the penalty is paid.

- D. The assessment of the penalty may be appealed to the VSI Administrative Review Board within thirty (30) business days of notification of the penalty. On-time payment of the penalty is required, even if the assessment of the penalty is appealed to the VSI Administrative Review Board.
- 18.8 Teams from outside the VSI LSC are welcome to participate in designated meets held by VSI throughout the year. These teams must conform to the same eligibility and registration criteria as established for all VSI teams in the meet.
- A. Additional requirements for visiting teams may be imposed to control the size of the meet and quality of competition. For example, visiting teams can be required to enter with an “AA” time standard while VSI teams may enter with an “A” time standard.
 - B. To further control entries, out of LSC entries may have a specified entry deadline that is distinct from the entry deadline for VSI teams. VSI teams who enter prior to the VSI entry deadline shall always be given priority for entry over out-of-LSC teams.
 - C. USA Swimming teams from outside the VSI LSC who wish to host sanctioned meets within the VSI LSC boundary must apply for a VSI Sanction under the procedures listed above and conform to all VSI rules, regulations, policies, and procedures. Furthermore, before approving a request for a sanction or approval, VSI may require out-of-LSC host teams to invite all, or a portion, of the registered VSI teams to these meet.
- 18.9 When meets are held by any team from another LSC or by another LSC within VSI borders (and vice versa), the fees assessed by the LSC in which the meet is being held will be as provided within any reciprocal agreement that exists between the LSCs involved. In the case where no reciprocal agreement exists, the fee structure shall be as if the meet were a regularly scheduled VSI meet. (All reciprocal agreements are appended to the Policies/Procedures.)
- 18.10 The Administrative Vice-Chair may deny a sanction or approval for the following nonexclusive list of reasons:
- A. The meet unacceptably conflicts with the published VSI meet schedule.
 - B. The meet is schedule on a protected weekend (see section 17.3).
 - C. The meet host failed to submit within the prescribed time period the results, financial reports, and/or fees from a previous meet.
 - D. The selected venue has had repeated issues with air or water quality.
 - E. The meet host has had repeated issues with overcrowding and excessive timelines at previous meets.
 - F. The meet host has a history of not providing the minimal number of required officials at previous meets.
 - G. The meet host or selected venue has failed to provide a safe environment for the swimmers to compete at past meets.

- 18.11 Prior to a meet, the VSI Board of Directors, by a majority vote, may revoke the sanction or approval for all, or specific, sessions of the meet if sessions with 12 & under swimmers have not been planned such that competition can be completed in 4 hours or less.
- 18.12 The VSI Board of Directors, by a majority vote, may revoke the sanction or approval for all, or specific, sessions of a meet if it is determined that it was not conducted in accordance with the USA Swimming Rules & Regulations in effect at the time of the meet.
- 18.13 A host team will be notified via email within 10 days of any denial of a sanction or approval request. The denial of a sanction or approval will include the reasons for the denial and instructions for appeal to the Zone Sanction Appeal Panel (ZSAP). Any host team denied a sanction or approval may file an appeal with the Zone Sanction Appeal Panel within 5 days of receiving denial from VSI. A petitioner must file the appeal in writing via email with the two Zone Directors of the Eastern Zone. Documentation to be presented includes:
- A. Meet information (supplied by the petitioner)
 - B. Reason for denial (supplied by VSI)
 - C. Pertinent LSC rules, timelines, process (supplied by VSI)
 - D. Reasons for appeal (supplied by the petitioner)

The Zone Sanction Appeal Panel is authorized to direct VSI to issue a meet sanction or approval in those instances where, in the ZSAP's judgment, the rules and policies have not been properly applied or when the ZSAP believes that competitive opportunities for athletes are being unfairly denied.

The Zone Sanction Appeal Panel's decision is final and there is no further appeal.

19 MEET MANAGEMENT POLICY

- 19.1 All Meet Management Procedures as outlined in the Virginia Swimming Procedures Manual must be followed.
- 19.2 If the meet host fails to submit the meet registration file as required in the VSI Procedures to the VSI Business Office or if it fails to notify participating teams or unattached athletes of corrections that are need for entries, a fine of \$100 will be assessed.

 - B. Fines are to be submitted to the VSI Business Office.
 - C. Fines not remitted within fourteen (14) days after notification shall be automatically doubled.
 - D. Should a fine remain unpaid after thirty (30) days, the host club shall be notified of their suspension from competition in VSI-sanctioned meets until such time as the fine is paid.

- E. The assessment of any fine or penalty may be appealed to the VSI Administrative Review Board within thirty (30) business days of notification of the fine.

30 ANTI-RECRUITING POLICY

Virginia Swimming anti-recruiting policy is intended to provide additional guidelines to VSI members concerning USA Swimming rules as described in Article 304 Code of Conduct. Code of Conduct actions concerning recruiting are found in Article 304.3.17. VSI policy and restricted recruiting activities are described below.

Active recruiting is prohibited and is defined as the solicitation of a USA Swimming registered athlete, affiliated with a member organization, by another USA Swimming Club, with the intent of having said athlete leave his /her existing club to join the soliciting club.

- 30.1 This policy prohibits any USA Swimming registered club, coach or employee from direct contact with an athlete or an athlete's family from another USA Swimming member club in the Virginia LSC.
- 30.2 This policy does not prohibit an athlete or an athlete's parents from initiating contact with coaches, officials or other athletes of another club for the purpose of obtaining information about joining another member club. Once the athlete initiates such contact, the policy will not apply to any contact with an athlete of another member club.
- 30.3 This policy does not restrict USA Swimming registered clubs from conducting advertising, team try-outs or camps for the purpose of recruiting athletes.
- 30.4 This policy is not intended to restrict athletes or parents from discussing aspects of their respective clubs with athletes or parents from other clubs, or incidental contact that may occur with another team's coaches or officials. 32 OFFICIALS: GENERAL GUIDELINES FOR DISCIPLINE AND DE-CERTIFICATION**32.1 CATEGORIES**

In order to organize the possible matters and issues that could arise, three categories have been chosen which should cover all matters. The three categories are Professional Qualifications, Professional Misconduct and Code of Conduct.

A. PROFESSIONAL QUALIFICATIONS

This category relates to matters involving deficiencies in the professional qualifications of the official. It relates to the technical aspects of the field of officiating, such as a lack of knowledge of the rules, improper application of the rules, etc. An illustration of this category might be the following:

Official A is a certified Stroke/Turn Official with two years of experience. He never makes a call, even when it is clearly “under his nose.”

PRIMARY RESPONSIBILITY - LSC Officials Chair

It is the responsibility of all officials to observe and evaluate the officials who are working for and with them. All deficiencies should be reported to the meet referee, who may address them at the time of the meet, if the meet referee feels that it would be best at that time. However, should it become apparent the official is deficient in the qualifications to serve in the position the official is certified for, then these deficiencies need to be reported to the LSC Officials Chair.

The Chair is primarily responsible for addressing the situation. It must be kept in mind that at this stage the approach needs to be remedial rather than punitive.

The first step for the Chair is to gather all of the facts. The Chair may conduct the investigation or may assign the role to another trusted official. It is important that all of the facts are discovered and they be documented to the extent they can be.

Additionally, when conducting the investigation, the following shall be determined concerning the official:

- knowledge of the rules,
- application of the rules,
- judgment on deck in applying the rules, and
- professionalism on and off the deck.

After the facts are obtained, the Chair should schedule a meeting with the official and review in depth the performance of the official. The official needs to be given the facts as gathered by the Chair and the full opportunity to state his or her side of the matter and to make a request for help, should the official choose to do so. At this stage, if the Chair believes it is in the best interest of the official, it is appropriate to bring in other members of the Officials Committee or some third person who is a friend of the official to assist in the meeting. In the latter situation, the friend should be an official, because we are addressing professional qualifications. Furthermore, should the Chair believe it is inappropriate for him or her to meet with the official or address the issue, the Chair may assign the matter to another official.

The Chair has the following powers:

- to reassign the official to a lower position, where the official is qualified (i.e., Referee to Stroke and Turn Judge). The Chair should present the official with a

program to be performed within a given time frame, providing the official the opportunity to regain his or her position. Although the program to be presented should be developed by the LSC, it is recommended that it include re-training, observation over a series of sessions and testing.

- to leave the official in his or her current position but establish a re-training program to correct any deficiencies. Again, any program proposed should include observation over a series of sessions and testing. In this situation, the Chair may decide to withhold any future assignments at the certified position until the official completes the program and is signed off by the training official(s).
- if the Chair is confronted with the situation where it is apparent the official does not comprehend and understand the rules and, in the opinion of the Chair, the official will not be able correct the situation, then the Chair has the power to recommend to the Officials Committee that the official be decertified as an official.

SECONDARY RESPONSIBILITY – LSC Officials Committee

At this stage the Officials Committee will enter the picture and make the final decision on de-certification. This step should include a hearing with the official, where the official has full opportunity to make his or her position with the Committee. (See **HEARINGS** below.)

A decision to de-certify the official should only be made as a last resort and on the recommendation of the LSC Official Chair. If there is no recommendation from the Chair then there will be no de-certification.

B. Professional Misconduct

This category relates to matters involving misconduct in the performance of the official's professional duties that do not rise to the level of acts specifically covered by the Code of Conduct (Article 304.3 of the Rules and Regulations of USA Swimming). An illustration of this category might be the following:

Official B is a certified Referee of 4 years. At the last Age Group Championships he was berating fellow officials on deck, in front of the spectators for their slovenly appearance, lack of rule knowledge and their poor attitude. He then proceeded to offer his opinions regarding the LSC Executive Board, and how poorly he felt the business of the LSC was being run.

Duties – LSC Officials Chair

A complaint alleging misconduct on the part of an official needs to be in writing and filed with the LSC Officials Chair. The complaint must set out the facts and the misconduct alleged. It is then the duty of the Chair to conduct an investigation of the allegation and develop all of the facts. The Chair or someone chosen by the Chair may conduct this investigation. In choosing someone to conduct the investigation, the Chair needs to choose someone who is organized, thorough, honest and objective. The person should have no relationship with the situation or the official.

PRIMARY RESPONSIBILITY – LSC Officials Committee

Once the investigation is completed, the entire file is delivered to the Officials Committee. The Committee will then schedule a hearing. (See HEARINGS below.)

The Officials Committee has the following powers:

- to issue a **verbal warning**, however, the warning must be accompanied by conditions to be met to correct the problem and the possible consequences if they are not met (even though it is a verbal warning it should be documented in the notes of the Committee accompanying the hearing),
- to issue a **written reprimand**, but again the reprimand must be accompanied by the conditions to be met and possible consequences if they are not,
- to **reassign** and to establish a **re-training** program, such as is set forth above for the Chair and the decision must be documented in the notes of the hearing,
- to **suspend** the official, however, the suspension should be accompanied by conditions the official must complete during the suspension period, and
- to permanently **de-certify** the official. This should be for the most serious offenses and should be ordered only after all other remedial measures have been exhausted.

If the Official Chair is the investigating person then the Official Chair should not participate in the deliberations of the hearing. The Chair is the “prosecutor” in this role and should not sit as part of the jury. However, if the penalty is to be de-certification, then the Committee should consider this penalty only if the Official Chair has recommended it to the Committee.

C. CODE OF CONDUCT

This category involves all acts that fall under Article 304.3.1 through .19 of the Rules and Regulations of USA Swimming. An illustration might be the following:

Official C is a certified Referee. At a meet last week the official falsely changed the time of the official's son to a better time in order for him to qualify for an upcoming meet.

One of the primary issues the LSC Officials Chair must determine is whether the matter falls within the jurisdiction of the National Board of Review (Article 304.3.1 through .14) or the Zone Board of Review (304.3.15 through .19). All complaints received by the LSC Officials Chair should be delivered to the Executive Director of USA Swimming in Colorado Springs if it is within the jurisdiction of the National Board of Review or the LSC General Chair if it is within the jurisdiction of the LSC.

All complaints would then be processed under the established procedures of the LSC and USA Swimming.

32.2 HEARINGS

The time frame for conducting the hearing should be set by the LSC but should not exceed the time frames set out in the bylaws of the LSC. There should be a provision for an emergency hearing if the facts warrant.

The conduct of the hearing need not be as formal as a hearing before the Zone Board of Review but the proceedings need to be documented with written notes. The official should be given full opportunity to present his or her side of the issue with the approach being primarily remedial unless the facts dictate otherwise.

The vote of the Officials Committee may be by majority, however, if it is by majority, caution should be taken to make sure the quorum requirement for an official meeting of the Committee is such that a majority vote represents a substantial number of the members of the Committee. The final decision should be written and a copy given to the official. It need not be formal document and can be in a letter format.

The official shall have the right to appeal any decision imposing penalties on the official, including suspension or de-certification, to the Zone Board of Review and the opportunity to appeal should be made known to the official. All other decisions should not go beyond the Committee.

32.3 GENERAL

This program is intended to place the professional matters within the jurisdiction of the professionals, the peers of the official. However, if there are decisions made in this process, the official may have the right of appeal pursuant to the Rules and Regulations of USA Swimming and the Bylaws of the LSC.

It is possible that some matters could involve more than one category. If this situation arises, then one should select the category with the highest process, i.e., professional qualification and professional misconduct then process it under the professional misconduct category and if it is professional misconduct and code of conduct then process it under the code of conduct.

APPENDICES

A. APPENDIX A: CONFLICT OF INTEREST STATEMENT

Those who choose to serve Virginia Swimming, whether as volunteers or paid professionals, are held to a high standard of conduct. Those who serve must do so without personal gain in order to avoid any institutional loss or embarrassment and to behave in such a way that the organization's trust and public confidence are enhanced. It is important to avoid any real or perceived conflict of interest.

While no set of guidelines can completely define acceptable behavior, the principles that guide behavior in this area are disclosure, non-participation in the decision making process where personal or family gain is a possibility, and a commitment to honor the confidentiality of organizational information. All conduct is founded on the individual's own sense of integrity. Any individual accepting the honor of serving Virginia Swimming must accept the burdens of public disclosure and public scrutiny.

In our complex society, the mix of volunteer work, business interests, governmental activity, and family relationships often creates potentially conflicting interests. What is required is disclosure of potential conflicting interests when they arise, and strict nonparticipation in any evaluation process relating to the matter in question.

The following seven items reflect specific expectations by VSI of people signing this agreement. These items cannot and do not however completely define what is acceptable. They are intended rather as guidelines to what is acceptable conduct. Each individual must find his or her own way within this guidance.

- A. A good faith effort must be exercised by those signing this statement to conduct the business of Virginia Swimming in observance of both the spirit and letter of applicable federal and state laws.
- B. Virginia Swimming properties, services, opportunities, authority and influence are not to be used for private benefit.
- C. Members of the Virginia Swimming Board of Directors will disclose the nature and extent of an actual or potential conflict of interest when it involves the award of contracts, the purchase of goods and services, the award of contracts for professional services, and the allocation of Virginia Swimming resources for individual use. Reimbursement for reasonable and customary expenses associated with travel to meets, meetings and conferences on behalf of VSI does not constitute a conflict of interest
- D. Gifts, cash, travel, hotel accommodations, entertainment, or favors are neither to be given (except with full approval of the Board of Directors) nor received, except those of nominal value exchanged in the normal course of business. Gifts and favors of more than one hundred dollars (\$100.00) value should not ordinarily be accepted. If circumstances render it awkward to refuse such a gift, the donor should be thanked and told the gift is being accepted on behalf of and will be delivered to Virginia Swimming.
- E. Expenses incurred in the furtherance of Virginia Swimming business are to be reasonable, necessary and (if twenty-five dollars or more) substantiated.

- F. All are expected to exhibit honesty, loyalty, candor and professional competence in their relationships with Virginia Swimming and with each other.
- G. Each individual has the responsibility to maintain the confidentiality of the organization. This includes both proprietary and sensitive information.

Should any individual(s) reasonably perceive that a conflict of interest exists or could exist, the situation shall be fully disclosed.

ACKNOWLEDGEMENT OF RECEIPT AND UNDERSTANDING
