Virginia Tech has once again registered as a club. Welcome!

Hall of Fame: All members of the inaugural class have been notified and I have received responses from most. Three have sent pictures and one has also sent additional information to be included in what will be posted on the website. Bill, Bob and I are currently working on a commemorative item to be given to each honoree. Bill has also agreed to work on the information about each one that will be posted on the Hall of Fame page.

Athlete Scholarship: Each club president, contact and head coach was sent information containing the instructions and link to the scholarship application (Google document) on October 15th. And announcement about the scholarship posted to the website homepage with the link to the application on the Athlete's page. One application has already been submitted. The deadline for submissions is January 31st.

Session Lengths at Meets: As meet announcements have been submitted, we have been working with all meet hosts to ensure compliance with the '4 Hour Rule' (#205.3.1.f) for 12 & under sessions. At our last meeting, the length of 13 & over sessions was discussed. I have attached a compilation of data from last year's short course meets as well as the 2020 meets to date. This is provided as background information for future discussion about what course of action, if any, should be taken.

LSC Camp: The members of the task force are planning a meeting this week to determine the details of the camp: location, target athletes, etc. We will send a follow-up report after that meeting.
