**757swim: Nurturing Swimmers in a
Supportive and Positive Environment**

Since 2015, 757swim, has been committed to fostering the growth and progress of every swimmer. Our team culture is centered around promoting team spirit, building character, and fostering a deep sense of commitment. Our coaches and staff understand the value of individual talents, dedication, and contributions in creating a path to success for all.

Each swimmer at 757swim is unique, and brings their own set of strengths, skills, and personalities to the table. Together, as one dedicated team, we strive for excellence, and are capable of achieving great things. Our approach to teamwork is rooted in positive communication, mutual respect, and a shared desire to overcome meaningful challenges.

With a supportive and welcoming environment, we aim to create a community that is inclusive, engaging, and focused on growth.

Our club offers a variety of programs tailored to each person's age and ability, ranging from learn-to-swim programs to senior-level swimming. We help children transition from learn-to-swim programs to competitive swimming, and we also welcome those who participated in summer leagues and are interested in swimming year-round.

The Importance of Swimming Lessons for Children and Drowning Statistics in the US

Approximately 11 people die from unintentional drowning every day in the United States. These numbers are alarming, with an estimated 4,000 fatal drownings and 8,000 nonfatal drownings annually.

Enrolling in swim lessons at an early age can save lives. They play a crucial role in a child's development, regardless of their age. Not only do they minimize the risk of drowning and improve water safety skills, but swimming is also an enjoyable way to encourage healthy living and physical activity from a young age. Swim lessons can cultivate a love and appreciation for water at an early stage, while also cultivating confidence that will last a lifetime.

Promoting Swimming for All: 757swim's Commitment to Inclusivity

At 757swim, we believe that everyone should have access to swimming regardless of their income level, race, or class. We are proud to offer financial assistance to qualifying participants through our scholarship program.

757swim's Mission and Vision: Empowering Swimmers to Build Exceptional Character and Serve Their Community

Our team is built on the foundation of teamwork, safety, and support, with the goal of improving everyone's skills. We strive to be innovative and inspire excellence in character through our team culture. One of our core values is Service - we encourage our swimmers to participate in community activities outside of swimming to understand their role in contributing to society. In September, our high school swimmers volunteered at the Paratriathlon National Championships in Williamsburg, where they provided physical and emotional support over two days. This experience inspired us to donate a portion of our proceeds from Applause for a Cause Gala to the USA Olympic and Paralympic Foundation, specifically in support of Paralympic swimming and Paralympic triathlons.

Six - Sparkle with a Gift Certificate for Complete Invisalign Treatment Whitening Treatment

Williamsburg Orthodontics offers Complete Invisalign Treatment, which is a modern technique to straighten teeth and improve smiles.

Clear, removable aligners are used to gradually shift your teeth into the desired position. The orthodontists utilize 3-D computer imaging technology to create a comprehensive treatment plan, from the initial to the final stage. Unlike braces, Invisalign is free of metal brackets and wires that may cause mouth irritation. Additionally, Invisalign aligners are removable, enabling you to eat and drink what you want during treatment and maintain proper oral hygiene.

With this gift certificate, you'll also receive a
Teeth Whitening Session from Dr. Ray Henley
at Norge Dental Center to enhance your smile even further.
