

Senior Bronze overcame great difficulty at the Freedom Splash. Between long sessions, challenging event choices, and stacked fatigue, Senior Bronze athletes pushed their limits and fought through hard times. This meet was **BIG** and the competition fierce. Swimmers learned from both successes and failures, and Coaches MJ and James were happy to see them attacking races, rep after rep. This point marks halfway through the long course season, and SB will continue to push and train in one final cycle before championship season begins.
