The following individual events will be conducted as Timed Finals with the top heat of each gender competing in finals, as noted in the Order of Events: all 11/12 200Y or longer events, all 13/14 400Y or longer events. All relays are timed finals. The top relay heat will compete in finals, as noted in the Order of Events. All other heats will compete in prelims. See Order of Events for designated heats of all other events coming back for Finals. In Finals, designated Disability Events will be completed in a separate heat, combined by classification and gender, but separated for scoring and awards. These events will take place between the female and male sections of the corresponding event. Swimmers in the Championship Final should report to the staging area in front of the meet management office to parade to the starting blocks. These procedures will be clearly explained at the coaches’ meeting.

SCRATCHING and DOWNSEEDING

Scratch from Prelims	Swimmers may scratch from an event in which they are entered by submitting a scratch form. The “scratch box” will be online for this meet; paper scratch forms will also be available from the Administrative Referee and shall be signed by the swimmer or coach upon submission. Information about the online scratch box will be communicated to coaches and available on the meet landing page.
-----------------------------	--

	Swimmers may scratch from an event in which they are entered by following the procedures set forth in the meet announcement. In all events where preliminary heats are necessary , after the heats have been seeded, any swimmer who fails to compete in an individual event heat in which such swimmer entered and has not been scratched in accordance with above will be barred from all further individual and relay events of that day. The application of this penalty shall pertain to the order in which the event/heats are swum, not the numerical order of the events. Additionally, that swimmer shall not be seeded in any individual events on succeeding days unless that swimmer declares an intent to swim prior to the close of the scratch box for that day's events. No penalty shall apply for failure to withdraw or compete in the Prelims or Timed Finals heat of an individual or relay event if the swimmer or coach notifies the Administrative Referee or the Deck Referee prior to the swimmer's assigned heat of a Declared False Start.
Scratch Deadlines	Friday Events 30 minutes after the conclusion of the coaches meeting on Thursday. Saturday Events Friday by 6:00 PM Sunday Events Saturday by 6:00 PM Events 400Y and longer follow the same scratch procedures as all other individual events and downseeding must be requested by that day's scratch deadline.
Scratch from Finals	After the preliminary heats have been swum, results will be announced. After announcing is complete swimmers will have thirty (30) minutes to scratch or declare their intentions to scratch. Once events close there is no scratching from finals Scratches from Timed Finals events, that are unseeded, must meet the scratch deadline. For seeded Finals see the Declared False Start in the meet information. Scratches from seeded timed final events with heats competed during Finals shall be made directly with the Administrative Referee.
Down-Seeding	Down-seeding will be allowed for all timed final events, including relays. Down-seeding must be declared by the scratch deadline for that event. Down-seeding procedures will be announced at the general meeting
Declared False Starts	A DFS can be made by the coach or swimmer to the Administrative Referee or Deck Referee at any time prior to the start of a heat in which the swimmer is seeded, in an event for which they have checked in or failed to scratch, during the preliminary sessions. During warm-ups (prior to the start of the session), the DFS is given to the Administrative Referee in the glass office. After the start of the session, the DFS is given to the Deck Referee. A DFS may be made in a Timed Finals event and for swimmers in the fastest heat swimming with Finals in a Timed Finals event. No explanation for the DFS is required, and all requests shall be granted. A DFS is a disqualification for the swimmer and counts towards the total allowed events per day and per meet. DFS is not allowed in Finals. If a swimmer fails to compete in finals (except due to injury, illness or circumstances beyond the control of the swimmer, as determined by

	the Meet Referee), it is a failure to compete and the swimmer is barred from the remainder of the meet.
Failure to Compete	Refer to Wisconsin Swimming Policy 4.1.3, pages 20-21 for Failure to Compete and Individual Scratch rules. RELAYS A relay team member failing to appear ready to swim for the relay event shall be barred from the next individual event in which the swimmer is entered, on that day or the next meet day, whichever is first.
