Safe Sport Update

We're on our way to becoming a SafeSport certified team!! We need parents and teen athletes to complete the training ASAP.

Parents and athletes should click on the links below to complete the applicable course on or before October 15th. It takes approx. 20-25 minutes and works best on a computer (not phone). Please email admin@foxvalleywave.org if you have questions or need help.

[Instructions for Youth Athletes \(ages 13-17\)](#)

[Instructions for Parents](#)

Help us continue to cultivate an inclusive, safe environment for our swimmers by knowing what to do in various real-life scenarios where your actions make a difference.

For athletes, this course empowers them to know their rights and what resources are available to them in case they encounter abuse or another unsafe situation.

For parents, this course will give you insight on how to recognize potential abuse, how to react if an athlete reports a situation to you, and what resources are available for reporting an abusive situation or incident.

It's important to not only understand various types of abuse athletes may encounter in their lives, but how to respond to those situations as well. Nothing is more important than safety.
