Any member of the Northwoods Figure Skating Club who meets the skating requirements as described above.

How is my skater placed in a group number?

Skaters are grouped based on the USFS skating level that (s)he has attained at the time of registration. It may be necessary to place skaters from more than one level together in each group. Every effort is made to place skaters from the same rink together, however, this is not always possible.

Get the Perfect Fit

Follow these simple tips when you're ready to take body measurements.

- Have your dancers wear undergarments or a lightweight leotard with a bra that gives the bust line its typical shape for most accurate measurements.
- Have your dancer stand straight with their weight evenly distributed.
- The measurement tape should be snug but not too tight on circumference measurements and stretched tight for vertical measurements.

Getting the Measurements:

- **Bust/Chest** – Measure over the fullest part of your chest with your arms relaxed at your sides.
- **Waist** – Measure around where your waist naturally indents. Keep your finger between the tape and your belly.
- **Hips** – Measure around the fullest part of the hips and buttocks while standing with your heels together.
- **Girth** – Measure from the midpoint on the shoulder towards the front, through the crotch and back around to meet the midpoint of the shoulder.
- **Inseam** – Measure from the crotch to the bottom. The inseam length is the number of inches, to the nearest half-inch.

The size charts can be found on each product page on the Size Chart tab. To determine sizing for shoes, please refer to each specific product detail page. Each shoe has its own sizing and fitting suggestions.

Because sizing and cut will vary between brands, please use our size charts as a general guide. If you are between sizes and need assistance selecting a size, please see the product reviews located on each style or contact customer service.

Costumes: Features are responsible for selecting and paying for their own costumes. It is important to select and order costumes timely to ensure their arrival and proper fit prior to pictures in early February. Discuss this with your group. It is suggested to order costumes in December.

Music & Choreography: A coach will be assigned to each feature group. Feature skaters are responsible for providing their coach with a copy of their music. The cost of cutting your music, choreography, and coaching are not included in the registration fee. Features will be given scheduled ice practices; however, you may elect to practice more often outside of NFSC. This is the responsibility of the skaters to coordinate with their coaches

Volunteer Positions

Each family is required to work a minimum of 2 different committees during the show session. One of these job requirements should be fulfilled prior to the ice show and the other during or after show performances. Positions to choose from are listed and described below. For those working during a show performance (does not include dress rehearsal), admission to that show performance is free. The Chairperson of each committee will contact each worker to coordinate shifts and better explain the duties of each position. The annual ice show takes many volunteers to be successful. You may be asked to assist on a different committee as needed. Your help is greatly appreciated!

- DECORATIONS:** This committee is responsible for selecting, preparing, and setting up the decorations and taking down all decorations after the last show performance. There may be an opportunity to fulfill this position while skaters practice during the ice show session.
- BLACK PLASTIC:** Black plastic is put up during dress rehearsal and taken down after the last show performance.
- PHOTOGRAPHY:** Assist photographer during photo shoot, getting them ready to line up, help with posing of skaters, and/or help distribute pictures when completed.
- CLEAN UP:** clean locker rooms, prepare them for our use, and clean up after final show. Sweep and remove trash in bleacher area during dress rehearsal, between shows, and after final show performance.
- CHECK-IN:** Check-in skaters during show practices, night of dress rehearsal, and prior to each show performance. Check-in volunteers working during show performances and hand out nametags provided.
- PROPS:** Creativity needed! Work with committee chair for props to be created and used during show performances. Obtain previous props from storage shed if necessary. Set up during shows as needed. Coaches may want to use props during photo shoot.
- FLOWERS:** Sell flowers before and during show performances in lobby and arena. Wrapping of flowers will also be necessary during dress rehearsal. This position will also collect DVD orders during shows.
- TICKET SALES:** Sell tickets in the lobby 1 ½ hours prior to performances. Collect tickets and stamp hands upon admission.
- PROGRAM SALES:** Sell programs before and during show performances in lobby and arena. This position will also assist with collecting DVD orders during shows.
- SPOTLIGHTS:** Run spotlights during dress rehearsal and during each of the show performances. These volunteers will get into all shows free of charge. You will get to see the show at the best spot!
- USHERS:** Assist audience into bleacher area, assist handicap and elderly individuals to the reserved seating areas; keep audience members seated during skating performances, monitor crowd.
- MUSIC/SOUND:** Play music during show session practices at the rink. This is a very important piece for show practices, they need the music. This is a great opportunity for a parent there watching practice anyway. This person(s) would likely need to be available for a few hours at a time.
- LOCKER ROOMS:** Locker room supervision is required of all NFSC skaters during dress rehearsal and during show performances. Locker room monitors will make sure skaters are safe while in the locker rooms, assist with needs, account for the skaters' whereabouts, and help skaters get to the ice for their performances on time. You must be safe sport compliant. Further information and training on this position will be provided.
