Meet Worker Requirements for Swim Families

The Fort Atkinson Swim Team (FAST) is a volunteer parent-run organization and could not stay viable without the continued support of its members. In order to run successful meets, each family will be responsible to provide a worker for the required number of shifts, even if your swimmer is not competing at the meet. The worker can be a family member, neighbor, or friend. High school students may also help. If you are going to be out of town or unable to help for any other reason, you will be required to cover your shift. You must contact the president or a board member about this. Another FAST family cannot cover your shift unless their family has already fulfilled their commitment and would like to do more. This will need to be approved by the board of directors.

Requirements: Each family will be required to work 2 positions during the home meets (either 2 positions in 1 session or 1 position in each session of the meet). This is per swim meet, we have two a year and these can NOT be split up between the November meet and the June meet. Depending on the number of families and volunteers the numbers may be adjusted (few swimmers, need more volunteers or excess swimmers, only one parent needed during the session)

If you do not fulfill your required number of shifts, whether you don't sign up or fail to work a session you signed up for, a \$50.00 fee will be charged to your account for each shift short of your family requirements. You will be billed for this on the next invoice after the home meet and payment will be required.

Remember: You are responsible for signing up online for all shifts required, multiple emails with the link to sign up will be sent out in advance. If you need help signing up online, feel free to ask a board member for help. Each family is required to submit this signed form at the start of each session or upon joining, along with all signed registration forms and payment.
