

New CMS: Old menus vs new menus

Admin Level - Not an Admin

The side menu from the previous system, known as Chameleon, has been reorganized in the new CMS. After signing in, it appears in the "backend" business side of the website. You shouldn't have too much trouble finding things by simply clicking around, but this guide will help you with those you can't find. Briefly, here is where to go to accomplish common tasks.

- Register for team - Click **My Account** > **Team Registration**
- Register for swim lessons - Click **Classes & Lessons** > **Lessons Registration**
- Sign up for events, jobs - Click **Events & Competition** > **Team Events**
- My Meet Results - Click **Events & Competition** > **Meet Results**
- TUMoney - Click **My Account** > **Event Fundraising**

Menu items not noted are the same in the new CMS and Chameleon.

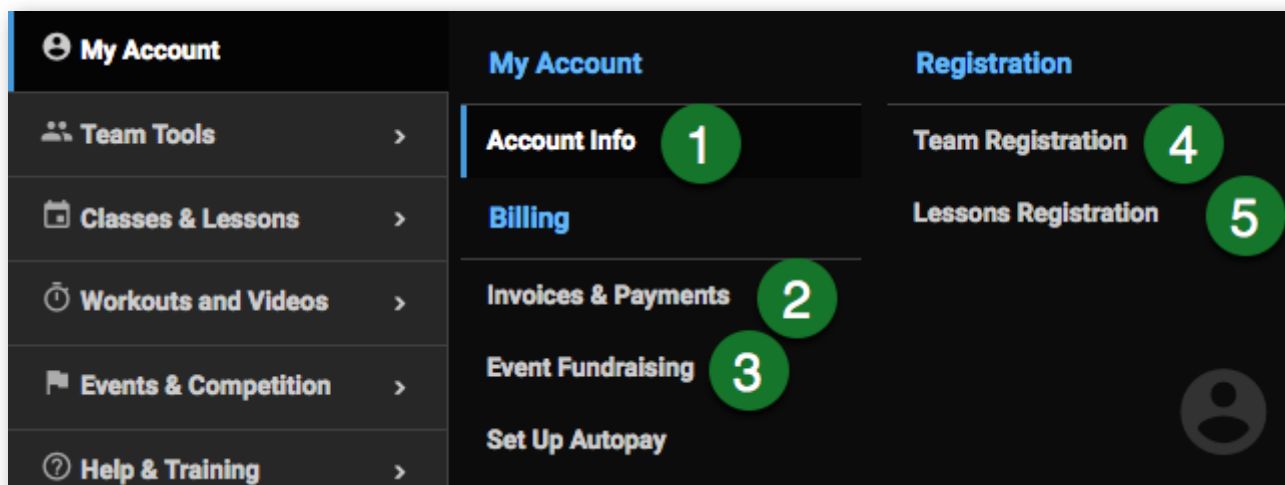

Hello, Your Name

After you click the **Sign in** button at the top, you will be taken to the backend where this is the first menu item. On the frontend, the **Sign in** button turns into your avatar circle after signing in. Click it to sign out.

1. Same as **My Account** > **My Account** in Chameleon, and after clicking it you can upload your photo to fill in the avatar circle (sign out and back in to see it if you upload a photo).

My Account

1. Same as **My Account > My Account** in Chameleon, with the same **Account, Members, Payment Setup, Dues Schedule, and Swim Lessons** tabs.
2. Same as **My Account > My Invoice/Payment** in Chameleon, with the same **Invoices, Make Payment, Fundraising, and Service Hours** tabs.
3. Same as **TUMoney > My Event Fundraising** in Chameleon.
4. Same as **System > Start Registration** in Chameleon (also under **Sign In**). Can also be done on the frontend if your team added a **Registration** command button on home page.
5. Same as **System > Swim Lessons** in Chameleon (also under **Sign In**). Can also be done on the frontend like in Chameleon. This only appears if your team offers swim lessons.

Team Tools

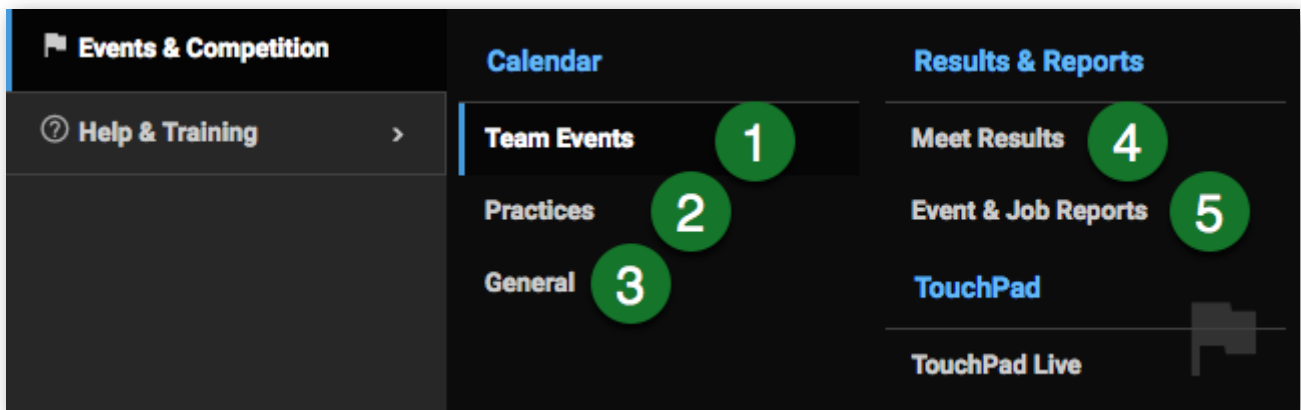

1. Same as **Members** link at the very top of Chameleon, where you can search for other parents and athletes on the team.

Classes & Lessons

1. Same as **System** > **Swim Lessons** in Chameleon (also under **Sign In**), where you register for lessons. Can also be done on the frontend like in Chameleon. This only appears if your team offers swim lessons.

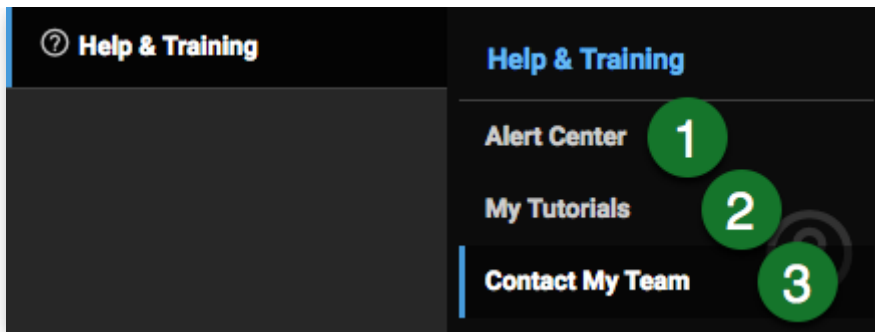

Events & Competition

The Calendar section lets you access our new calendar that combines three different calendars.

1. Same as **Events** menu tab in Chameleon, where you can sign up for meets and jobs. You can still access these in the frontend like in Chameleon.
2. Similar to **Workouts & Videos** > **Practice Calendar** in Chameleon. Only SwimOffice Pro teams will see this option.
3. Same as old **Calendar** menu tab in Chameleon.
4. Same as **My Account** > **My Meet Results** in Chameleon.
5. Same as **Events** menu tab > **Reports** tab in Chameleon.

Help & Training

1. Appears when you first login if there are any system alerts from TeamUnify.
2. Same as **My Account** > **My Tutorials** in Chameleon.
3. Same as **Contact Us** in Chameleon.
