Article 1 Sanctions

A. Pre-Meet

1. Sanctions are approved by the Sanction Coordinator of ASI. As a condition for meet sanctioning and subsequent meet entry, each meet host will include the ASI Membership Verification Form as adopted by the 1997 House of Delegates (see Appendix for sample form) in the information sheet that requires every competing club to verify by signature that each and every competing swimmer entering that particular meet has a current USA Swimming registration and each coach attending that particular meet will be fully certified and properly registered with USA Swimming. A team will list all coaches and the expiration dates of their certifications on the membership verification form.
2.
 - a. Sanction fees are \$20.00.
 - b. Blanket sanctions are \$50.00.
3. The application for sanction and meet information sheet must be given to the Sanction Coordinator and a copy of the meet information sheet sent to the area Representative a minimum of sixty (60) days prior to the competition. The meet information sheet shall be provided to the webmaster of the ASI website so that it will be posted at least thirty (30) days prior to the entry deadline. The Sanction Coordinator shall maintain a list of teams requiring a hard copy of the meet information sheet. The meet director shall mail hard copies of the meet information to those teams so listed.
4. Meet information sheets are reviewed simultaneously by the Area Representative, Meet Referee, and the Sanction Coordinator prior to sanctioning to ensure that certain basic information is included. (See Appendix for meet information sheet guidelines.) Any member sponsoring a sanctioned swimming event must agree to meet all conditions of competition in accordance with the official swimming rules of ASI and USA Swimming.
5. The Sanction Director Shall send the original sanction approved form to the meet director, a copy to the Area Representative, and Meet Referee, and a copy to the ASI Treasure within 2 weeks of receiving all approved meet information.
6. Blanket Sanction fees will be paid with sanction request; meet sanction fees will be paid with Post Meet Financial Summary. A penalty of \$50 will be charged to the team if the sanction request is not sent to the Sanction Coordinator sixty (60) days in advance of the meet. An additional \$50 penalty will be charged if the request is not sent to the Sanction Coordinator within thirty (30) days. Sanction Coordinator will coordinate with the Treasurer and requesting team to determine late fees due. Date sent shall be determined by postmark, fax, or e-mail date.
7. Pre-Meet – For ASI Championships, proof of time using the USA SWIMS Database as a standard will be used to verify times for all swimmers entered. The meet host shall provide the ASI Records/SWIMS Chair with the meet entry file from the meet management software at least three (3) days prior to the start to the start of the meet. The Records/SWIMS Chair will verify submitted entry times with the SWIMS database. Submissions that do not match the SWIMS database will be flagged and brought to the attention of meet host. The meet host will notify teams of any flagged swims and advise them to provide proof of time prior to the start of the competition. It is the responsibility of the coach of record to provide proof of time to meet administration. Entries left unproved, that do compete, will be assessed a \$100 fine to be collected by the meet host.
8. Blanket Sanctions for Dual meets and Time Trials shall be permitted as follows:
 - a. The sanction fee must be paid by the host club and shall be good for one (1) year, September 1 through August 31.
 - b. An unlimited number of dual meets, time trials, swim-a-thons and postal meets may be conducted under this blanket sanction within the given period.

(See Appendix for example). The original sanction number shall be issued by the Sanction Coordinator. Each sanction number shall contain a suffix indicating the number of meets held under that blanket sanction, e.g., 624-4 is the fourth (4th) meet held under that blanket sanction.

- d. The Area Representative shall keep a log of all the meets held under each blanket sanction in the area. Once a blanket sanction has been approved, a team wishing to hold a meet under its blanket sanction need only contact its Area Representative in advance to receive a suffix number. The meet and/or time trial results are distributed in the same manner as for any other meet. It is important that the full sanction number and suffix be indicated on the final results. For dual meets it is also important to list which teams attended.
 - e. The final results should also include the following information:
 - 1) A copy of the meet information sheet.
 - 2) Meet date and sanction number on each page.

The hosting group may charge the swimmers and/or the participating team(s) with the cost of the swimming venue, as agreed by all of those involved.
 - g. Awards shall be limited to ribbons but are not required.
 - h. The event list need not be detailed. The information sheet may state that only those events listed for the Short Course JO/Senior Championships or Summer Long Course will be offered.
 - i. Dual meets and time trials shall conform to the current USA Swimming Rules.
9. Provision for time trials at invitational and championship meets shall be made as follows: Time trials shall be offered at all state championship meets and may be offered at other invitational meets if included in the meet information sheet. The time trials shall be open only to swimmers entered in the meet. A coach desiring to time trial a swimmer shall make a request to the meet referee who shall determine the timing and feasibility for conducting the time trial. There shall be no guarantee that a requested time trial event will occur.

B. Approved Meets / Foreign Team Participation

1. High School Regional and State Championships and Alaska Masters Swim Clubs are the only organizations who may apply for approved meet status by ASI.

- a. The safety of everyone on deck at ASI-sanctioned swim meets shall be the highest priority for the Meet Referee and all certified officials present. For behaviors risking the health or safety of anyone in the swimming venue, the Meet Referee has the authority to impose any restriction on the participation of any swimmer, coach or volunteer in the meet deemed appropriate, up to and including removing the offender from the swimming venue (per USA Swimming regulation 102.10.3).
- b. The Meet Referee may delegate authority (other than imposing disciplinary actions) to other personnel on deck to carry out any aspects of maintaining meet safety.
- c. Because of the extreme weather conditions common during swim meets in Alaska, the Meet Referee must be familiar with the emergency response and evacuation plans for the meet venue. The facility staff has the primary authority and responsibility in the event of an emergency, but the Meet Referee and all certified officials on deck will assist the staff as requested.
- d. At least one Safety Marshal shall be identified in the sanction application for each meet submitted to the Sanction Coordinator. The Safety Marshal must be a member of USA Swimming and at least 18 years of age. Additional safety marshals may be designated at the meet by the Meet Referee as needed.

Examples of such hazards include biological substances (especially bodily fluids) on deck or in the water; objects on the deck which may cause slips, trips or falls; and glass (or other sharp objects) anywhere on deck.
- g. Before the start of warm ups, the Safety Marshal shall clearly mark all lanes which are closed to race starts. Warm ups will begin when the Safety Marshal (with the concurrence of the Meet Referee) opens the pool. The Safety Marshal shall open lanes for race starts at the times specified in the meet information sheet (consistent with ASI Warm Up/Warm Down Procedures). It is the responsibility of Meet Management that devices to mark the lanes closed to race starts be available for the Safety Marshal's use.
- h. The Safety Marshal shall remain on deck during pre-meet warm ups, and strive to maintain order on deck and in the pool. This includes attempting to stop any unsafe horseplay or running on deck, which are prohibited at all times. Forcing anyone into the water under any circumstance is a serious safety infraction for which the Meet Referee will impose appropriate disciplinary action.
- i. No swimmer shall enter or remain in the water for warm up or warm down, at any time before, during, or after the meet, unless under the direct control of a team coach (or coach of record on deck) in line of sight. The team coach is responsible for swimmers' entering the water using the approved ASI procedure. The Safety Marshall shall bring repeated and/or flagrant violations during pre-meet warm ups to the attention of the Meet Referee for appropriate disciplinary action.
- j. The Meet Referee may assign the Safety Marshall to monitor warm ups during breaks in the competition if deemed necessary to maintain safety.
- k. At all times, all certified officials on deck are authorized to stop any unsafe behaviors observed at the swimming venue, including on deck or in the water. Behaviors significantly risking the safety of anyone on deck shall be brought to the attention of the Meet Referee for appropriate disciplinary action.

Technical Rules Protests** - Prior to the start of each championship meet, the ASI Administrative Vice-Chair shall appoint a Technical Jury composed of at least one athlete representative from a slate provided by the ASI Athlete Representatives, at least one coach, and at least one, but not more than three other persons. Written protests involving technical rules, except disqualification due to judgment decisions by deck officials, shall be made to the meet referee within 30 minutes of the protested act or occurrence. Decisions of the meet referee regarding these protests may be appealed to the Technical Jury, whose decision must be made the day of the protest.

The jury shall not adjudicate judgment decisions, which can only be considered by the Referee under Section 102.13 of the USA Swimming Code.

For all other meets sanctioned within ASI, the meet referee may appoint a Technical Jury. The Technical Jury shall be composed of at least one athlete, one coach and at least one, but not more than three other persons.

Coaches' Code of Ethics

(Adopted from the American Swim Coaches Association)

The distinguishing characteristics of a profession are that its members are dedicated to rendering a service to humanity. Personal gain must be of lesser consideration. Those who select professional swim coaching within the American Swimming Coaches Association must understand the justification for competitive swimming is that it provides spiritual and physical values for those who participate in it.

The welfare of the sport and the swim coaching profession depends on how the coaches remain ever mindful of the high trust and confidence displayed in them by their athletes, parents and the public.

Purpose

The Code of Ethics has been developed to protect and promote the best interests of the sport (the swimmers and their families) and the coaching profession. Its primary purpose is to clarify and distinguish ethical and approved professional practices from those which are detrimental.

Responsibilities to the Athletes

1. Conduct himself/herself in a manner which will protect the rights and welfare of the athletes with whom he/she comes in contact.
2. Be aware of the significant ethical and social responsibility he/she bears because of the tremendous influence his/her recommendations and professional actions may have on the lives of young athletes. (i.e. A coach does not take any action or behave in a manner that might lead to misuse of this influence.)
3. Proceed with caution and sensitivity when contacted by an athlete who is considering switching clubs, weighing carefully the athlete's welfare, the situation at each club, and the athlete's relationship with his/her coach.
4. Once gone, one should strive to support and encourage those athletes in the choices they make.

Responsibilities to the Public

1. Promote the many benefits of swimming at all levels and attract athletes into his/her program in an ethical and positive manner.
2. Represent accurately his/her competence, education, training, and experience.
3. It is very important to the coaching profession that the image be elevated and improved through self-esteem, actions, dress, influence, presentation, communications, determination, integrity, and pride. In short a coach will conduct himself in a professional manner.

Responsibilities to the Coaching Profession

1. If a coach is contacted by an athlete (or his parents) representing another club about the possibility of changing teams, the coach should encourage the athlete or parents to discuss the situation with his coach, and in cases involving minors, discuss it with the parents.
2. A coach may not contact an athlete representing another USA Swimming club without permission from his/her coach. In the case of a minor, the athlete's parents as well as coach must be contacted requesting permission to recruit that athlete.
3. A college coach who operates a club program must contact an athlete's club coach and explain his intention to permit or encourage an athlete to remain in that club's program for summer training, if they have represented another USA Swimming club the previous season.
4. Should the college coach wish to encourage an athlete to train in a program other than his/her club program of the previous season, he/she must contact the club coach first.
5. A coach should conduct oneself honestly in registrations, meet entries, travel arrangements, and adhering to warm-up procedures.

Responsibilities to Families

1. A coach is ever mindful of his responsibilities in dealing with minors.
2. If a coach is contacted by an athlete representing another club about the possibility of changing teams, the coach should encourage the athlete to have his or her parents contact him.

ASI endorses the Coaches Code of Ethics and, furthermore, recognizes that our coaches are the members of our LSC who have the greatest need to be professional; therefore, the LSC recommends that every coach be ASCA certified or apply for ASCA certification within the first 3 months of hire by a member team.

House of Delegates Cost Reimbursement

Each registered member team or organizations qualified to vote at the House of Delegates (hereafter “delegate”) will be responsible for paying two thirds of the average House of Delegates’ attendance cost. ASI will reimburse the remaining third, as well as all reasonable travel costs of Board members.

To qualify for a reimbursement, all reasonable costs, including estimates if necessary, must be submitted to the Treasurer by the end of the House of Delegates. Where delegates from different clubs have shared costs, the costs must be broken out between clubs. The Treasurer will calculate the actual cost for each delegate. The Treasurer will then divide the sum of actual costs by the number of delegates, whether those delegates were at the House of Delegates or not, yielding an average cost. Where a delegates actual costs are less (including zero costs) than two thirds the average cost, ASI will bill the delegate for the difference, which invoices are due within on month of issue.

In this section reasonable costs include air fare or mileage and hotel, but not local transportation or meals.

Proposals to The House of Delegates

All proposed changes and additions to the Bylaws and subsequent parts of ASI's governing code shall be submitted no later than the last weekend of February, or 60 days prior to the annual meeting, whichever is earlier. Proposals submitted after this date will only be considered with a 9/10ths agreement by the voting members of the House of Delegates. Each proposal shall be submitted on a separate piece of paper and follow the general form used by USA Swimming as outlined below:

PRESENTLY: An exact quote of the pertinent section to be modified or concise statement of the current situation if the proposal is to add wording.
