USA Swimming Rules & Regulations Committee

From: Bruce W. Stratton, Chair, USA Swimming Rules & Regulations Committee

Subject: Approved Swimwear

On May 19, 2009, FINA issued a list of 202 swimsuits approved for competition. In response to the issuance of the list, the USA Swimming Rules & Regulations Committee, pursuant to the provisions of Article 511.1, amended Article 102.9 to provide that only swimwear approved by FINA, as reflected on its published list of approved swimwear, may be worn in any USA Swimming sanctioned or approved competition. The Rules & Regulations Committee also provided that swimmers will continue to be able to wear traditional swimsuits.

On June 22, 2009, FINA issued an updated list which includes an additional 198 suits approved for competition (copy attached). In addition, FINA issued a statement on June 5, 2009, which stated that swimsuit models approved prior to 2009 and made of full textile material such as lycra or nylon are also acceptable as long as they have no sleeves and that double layers are stuck together. The revised list of 400 suits, plus models approved prior to 2009 as described above are all considered as swimsuits meeting the criteria of approved swimwear. Swimmers will also be able to wear traditional swimsuits as provided in the June 1, 2009 memo (copy attached) which meet the following criteria:

- 1. For female swimmers, the swimsuit shall not cover the next, extend past the shoulders or past the pelvis, and
- 2. For male swimmers, the swim suit shall not extend above the navel or below the knees.

Please note that additional swimsuit restrictions continue to apply to 12 & under age group defined competition in accordance with Article 102.9.1 in the 2009 USA Swimming Rulebook.

The provisions regarding the availability of swimsuits at the ConocoPhillips USA Swimming National Championships and World Championship Trials reflected in the attached June 1st notice will also continue to apply.

Approved Swimwear June 25, 2009 Page Two

We understand the difficulties associated with the enforcement of this rule and officials are going to need to use a considerable amount of judgment and common sense in the enforcement of it. Officials should make an initial assumption that any suit being worn is a legal suit unless a protest is filed by a coach regarding a particular suit worn by a swimmer. In the event a protest is filed, referees should, if necessary, consider consulting with an experienced coach member as part of arriving at any decision. As always, decisions of the referee are subject to further protest under the provisions of Article 102.11.

Any questions regarding the enclosed may be addressed to the Chair of the Rules and Regulations Committee. Any questions specifically regarding swimwear at the ConocoPhillips USA Swimming National Championships and World Championship Trials should be addressed to our National Team Head Coach/General Manager.

Bruce W. Stratton, Chair

USA Swimming Rules & Regulations Committee

News	PR46 - FINA Executive Meeting / Swimsuits
Press Releases Federations News	FINA Executive held a meeting in Lausanne Switzerland on June 19, 2009 to consider the swimsuits approvals under the transitory regulations in accordance with the Dubai Charter.
Calendar	The Executive reviewed the recommendations of the Swimsuit Commission issued on June 18, 2009 in connection with the
Directory	swimsuits subject to re-examination further to the first Commission Meeting on May 19, 2009.
Bios & Stats	The Manufacturers have re-presented their swimsuits with modifications. In certain cases, the Manufacturers have submitted
Development	arguments regarding the fact the construction or material of their swimsuits would not create air trapping effects.
'	The Executive approved the swimsuits as per attached list.
Antidoping	Regarding the application of the criteria, the Executive found that the evidence of "in use" air trapping effect is complex and that it
Media Room	would require considerable time to create and implement comprehensive control mechanisms and test methods which would permit to establish the effect with absolute certainty in connection with particular swimsuits. In a transitory period where the industry had
Media Player	little time to anticipate the requirements, it is also important to take into account that the outcome of the approval process can have substantial impact on existing production and stocks. Therefore, in cases where there was a reasonable doubt as to the effect
Publications	such doubt had to be taken into account in the decision concerning the respective swimsuits.
	To secure a level-playing field, the swimsuits approved will be available to all swimmers at the World Championships in Rome.
	The approved swimsuits will be labelled and will be checked in Rome prior to competition.
	The rules regarding shape, use of only one swimsuit and no taping will be strictly applied and controlled in the first call room.
	FINA will continue the process of controlling the evolution of swimsuits and will issue new rules including new criteria for 2010.

From: Bruce W. Stratton, Chair, USA Swimming Rules & Regulations Committee

Subject: Approved Swimwear

On May 19, 2009, FINA issued a list of swimsuits approved for competition. The approved list, which was effective immediately and is attached, includes 202 swimsuits. The Rules and Regulations Committee, under the provisions of Article 511.1, has the authority to alter or amend any provision of Part One of our rules to conform to the rules of FINA. Accordingly, effective immediately, Article 102.9 is amended as follows:

102.9.1A: Only swimwear approved by FINA, as reflected on its published list of approved swimwear, may be worn in any USA Swimming sanctioned or approved competition.

(Existing subsections A, B, and C of Article 102.9.1 shall be redesignated as subsections B, C and D, respectively.)

Since the FINA approved list only addressed new model swimsuits submitted by swimsuit manufacturers, swimmers will, until otherwise directed by FINA, also be able to wear traditional swimsuits not on the FINA approved list as long as the swimsuit meets the following criteria:

- 1. For female swimmers, the swimsuit shall not cover the neck, extend past the shoulders or past the pelvis, and
- 2. For male swimmers, the swimsuit shall not extend above the navel or below the knees.

Approved Swimwear June 1, 2009 Page Two

In addition to the 202 approved swimsuits on the attached FINA list, there were an additional 136 swimsuits that could be resubmitted to FINA for reconsideration and possible approval. The expected decision date for such approval is June 19, 2009. At such time as FINA publishes any list of additional swimsuits approved for competition, those additional swimsuits will also be approved for USA Swimming sanctioned or approved competitions.

FINA has also declared that only those permitted swimsuit models that are available to all World Championship competitors may be used at the FINA 2009 World Championships in Rome. To be consistent with this FINA requirement, only those permitted swimsuit models that are available to all competitors may be used at the 2009 ConocoPhillips USA Swimming National Championships and World Championship Trials to be held July 7-11, 2009. To avoid confusion, availability is defined as follows:

- 1. The swimsuit manufacturer is present at the 2009 ConocoPhillips USA Swimming National Championships and World Championship Trials with its approved swimsuits available for all competitors on a purchase, loan, give-away or other basis, or
- 2. The swimsuit manufacturer has provided to USA Swimming a written representation in the form requested by USA Swimming that its approved swimsuit will be made available before July 7, 2009 to all 2009 ConocoPhillips USA Swimming National Championships and World Championship Trials competitors on a purchase, loan, or give-away basis through retail stores, the internet, or other means. USA Swimming will publish a list of swimsuit manufacturers who have made this representation once they are received. Competitors may rely on this list as approval to wear a particular swimsuit model at the 2009 ConocoPhillips USA Swimming National Championships and World Championship Trials.

Any questions regarding the adoption of this new rule may be addressed to the Chair of the Rules & Regulations Committee. Any questions specifically regarding swimwear at World Championship Trials or Open Water World Championship Trials should be addressed to our National Team Head Coach/General Manager

Bruce W. Stratton, Chair
