Retention Analytics

Total number of members (by Member Category), previously being a member of your LSC, divided by the total number of members in your LSC during the prior year

Ex: An athlete that is registered in your LSC in 2023, and retained their membership in 2024 with your LSC, is counted as a retained athlete, yet if they registered the next year as a coach, they would not be counted as a retained athlete or coach

Highlight: #1 barrier to inclusion in our sport is financial * 2024 vs 2025: Outreach Memberships INCREASED!

2025 IES FALL HOD – REGISTRATION REPORT

OUTREACH MEMBERSHIPS – What YOU Can Do Right Now!!

The USA Swimming Corporate Bylaws (Article 2.4.2C) define Outreach membership as a “Premium membership with specially reduced fees. Each LSC House of Delegates shall determine how athletes qualify for Outreach membership.”

Inland Empire Swimming House of Delegates has determined that *Outreach membership will be made available to club members at the discretion of each individual club, per individual club policies*. This Outreach membership is available through the Club Registrar and/or the Club Administrator, to be distributed to designated individuals. *There is no steadfast rule for how an Outreach Membership is to be determined by each club and documentation is not required regarding the club’s decision* to make Outreach available to designated members.

Financial Hardship does not only include low-income situations. Unexpected financial hardship, whether temporary or long-term (such as family illness) can also be a significant barrier to inclusion in our sport and is often a major factor in the LOSS of athletes from our sport.

The IES Board of Directors has tasked the IES DEI Committee to begin development of possible resources (grants, scholarships, etc) that could be made available to IES athletes independently of individual club resources. Clubs are also highly encouraged to consider what options they have available to decrease financial barriers to inclusion in our sport in their community.

The full IES Outreach Policy is available on the IES website under the REGISTRATION tab:

2025 *FALL* IES OBSERVED MEETS

IES Observed Meets can be found on the IES website, under Events > Observed Meets:

<https://www.gomotionapp.com/team/wzielsc/page/events/ies-observed-meets>

Nine High School In-Season, League, and District meets have been approved as Observed, within the IES LSC, from September – November 2025. This represents a significant increase in opportunities for our USAS athletes who participate in High School swimming, to have their efforts reflected in the USA Swimming database.

Observed meets are posted in SWIMS with IES as the Host Organization. Please search for these meets by the date listed, using the name of the meet as listed below. A note will be added when the meet results have been loaded to SWIMS for each meet.

For questions or additional information, please email the IES Office iesoffice@ieswim.org and reference the meet for which you are inquiring.
