

Officials Chair Report

2/2024

The Officials Committee met on 1/28/2024 and finalized the “plan” for state.

We confirmed all expected “officials meetings” for the mornings of Saturday 24th and Sunday 25th of state weekend. We are also planning for a “Starter” expectations course at some point during the weekend.

We are continuing to mentor and bring up officials at all certification levels and positions. We also are having ongoing conversations regarding way to work with officials who struggle to connect with the WYSI culture.

The “R9” rollout will be on Feb 1st, so this information will be available by meeting time, but unavailable at the time of this report. More information will be coming.
