- High School
 - Ladies-Medium
 - Men-Large

Mesh Equipment Bag

All Groups – All swimmers are encouraged to have a time record system. A simple notebook works well. All swimmers are encouraged to record, keep track and know their own times.

Swimmers are responsible for having all equipment at daily practice sessions and are responsible for proper care and storage of all equipment. Names should be clearly written on all equipment. The YMCA has no secure storage for this equipment. Swimmers are storing equipment at the practice site at their own risk. This is not recommended.
