

When Every Second Counts: Support Our Quest for a State-of- the-Art Timing System, Fueling Our Swimmers to Reach Their Full Potential

Since 1961, the Lynchburg YMCA swim team has been the standard of excellence for year-round swimming in the Lynchburg area.

We need your support to acquire a state-of-the-art timing system that will help our athletes achieve their best times. Help us reach the finish line and empower our swimmers to reach their full potential. Donate today!

Our team practices at both the Downtown and Jamerson YMCA locations, with practice groups divided by age and ability. Our team has been recognized by USA Swimming's Club Excellence program and has produced numerous state champions, Olympic Trials qualifiers, and Division I collegiate swimmers in recent years. But our focus isn't just on competitive success – our aim is to develop well-rounded individuals who are good citizens by practicing our 4 core YMCA values:

HONESTY • CARING • RESPECT • RESPONSIBILITY

LY swimmers have the opportunity to compete in local meets that we host at our home pool, the Jamerson YMCA. These meets help build our swimmers' skills, physical capabilities, and confidence to compete at the regional, state, national, and potentially international levels. Our current timing system and associated hardware that we use when hosting meets is approximately 20 years old and is beginning to fail. In order to continue to provide the OPPORTUNITY to our team and to the surrounding teams that participate in our meets, we need to replace the entire system. Our aim is to continue to be able to run top-notch meets and training opportunities for the next few generations of LY swimmers so that we can build upon our successful 62-year history. To do this, we need your help!
