

## **YMCA Swim Coaches Forum Notes**

### **Jan. 18, 2022**

Things we started because of pandemic that we will continue because they work well:

- Livestreaming
- No heat sheets
- Cashless everything
- Pre-packaged food for concessions (and hospitality?)
- Timed finals meets – three smaller sessions instead of two – better for parents and swimmers and not that much longer day for coaches
- Separate out 8&U for championships – smaller sessions and more fun for just that age group

Plan A, B, C options that we are using around the country (as restrictions and safety policies change):

- No spectators
- Limited number of participants/smaller sessions
- Limited coaches per team
- Masks
- Multi-location championship meets
- Alternate sites (plan B) planned for championship meets
